Off. N<sup>o</sup> 912 of Tyler, Gaines & Rush's award - Ah-le-min-chubbe, was returned as a child over 10, whereas the record of scrip made by Maj. Mullan sent, shows him to have been under 10 (This error of return should have been corrected.)

The following cases appear to have been omitted by Maj. Mullan in the list he prepared, although return had been received here that their scrip had been paid

+ " 592 of Tyler, Gaines & Rush's award, Pis-sa-ham-bee, a child under 10 - Scrip paid in March 1846.

But due to the first payment on these cases - the names being included in second list. Insert at the end of the first list.

N<sup>o</sup> 725 C. is returned <sup>19 Jan'y '47</sup> as 'Eah-tom-bee, Ho-chon-chubbe, Il-ah-ish-ti-mah & Pas-com-me, rep. of Me-hs-te-ah-dee! The record of scrip sent shows that 'Nok-me-hat-tubbe' is the person entitled to scrip under that number.

" 695 B. "E-mil-le" is returned <sup>21 Jan'y '47</sup> as having received scrip. The name does not appear <sup>on the record</sup> as entitled under that number.

" 640 B. "Aah-la-le" is returned 21 Jan'y '47 as receiving scrip. The record shows no one of that name as entitled under that number.

" 673. "Stoo-nooka" is returned as head of a family. The records show this to be a child over 10. Returned 21 Jan'y 1847.

" 639 "Te-mah, rep. of Ah-che-ah-dee?" Head is returned, and for

" 639 B. "Te-mah" is returned. The records show neither of these names as entitled under that number. Returned 21 Jan'y 1847

" 759 Jim-te-hubbe, is entitled to but half interest altho. Head. He sold a portion of his land.

" 121 The family of Kelly Iyer is reported in letter of explanations of Agent of 4 Oct. '47 to have been paid their scrip in April 1846. <sup>(see letter of 30 April '46)</sup> ~~but the only returns which have~~ has yet been sent. Discrepancy as to ~~date of arrival west. One statement~~ ~~has been here, was showing that scrip had been paid, was that Kelly (Head)~~ says they arrived in 1839 the others that a portion arrived in 1847. ~~and Jeremiah (child under 10) had transferred their scrip on 27 March 1847. As neither~~ of the other children have been reported by name as receiving scrip, explanations are required. ~~Of course no interest money has been sent.~~

" 42. "Pi-a-ho-te-ma, Lok-che-me-ho-ka, En-te-la-ho-ka & On-te-i-tubbe, rep. of On-te-i-tubbe?"

The record of scrip sent shows "E-lab-o-tubbe" to be the head of this family.

" 34-C. Evans - is reported twice thus - "Aho-yo-tubbe & Nok-me-tubbe rep. of E-mah-lab-te?"

RG 75 Entry 267 Box 1

list of persons whose  
names appear on ID. roll  
of MS Choctaw ....

but were not enrolled  
on first rolls ...  
entitled to allotments.

Schedule of documents prepared for Commission  
under 14th article of treaty with Choctaws of 1830

- A. Copy of the treaty with the Choctaws of 1830
- B. Copy of Armstrong's registers exhibiting the names of all the Indians owning farms, their locality, quantity of acres cultivated, entire number of the family &c.

Ward's register of the names of those persons, who apply for the benefit of the 14th article of said treaty, embraced in the document containing Armstrong's, see page 185.

Indians on Armstrong's list of claims, in different Chief's districts, are properly entitled to the benefits of the 14th article, (although located under the 19th) if they prove that they made application to Ward within the proper time. But in that case, the location under the 19th must be considered as part of that under the 14th. For further explanation of Ward and Armstrong registers, see paper marked V.

- C. List of persons who have produced to the Department Ward's certificates of the fact of their having made application within the time required by the treaty, but whose names are not on the register forwarded by him to the Department, but for who lands have been or will be located.
- D. Instructions to Col. George W. Martin, of the 25th of June, 3rd of September, and 11th of October 1832.
- E. List of locations under the 14th article, which have received the approval of the Resident.
- F. List of locations under the 14th article, suspended for further examination.

G. List of locations under the 19th article and the Supplement, which have received the approval of the President.

H. List of locations under the 19th article and the Supplement, suspended for further examination.

These four lists are transmitted to show the locations, which have been made for the Indians named on said lists. Those names on list E which are not on Ward's register, nor on list C, will be subject to the investigation of the Commissioners. Those Indians on Ward's register, who claim to have had more children than is there stated, or the ages of whose children are incorrectly reported, must substantiate the fact to the satisfaction of the Commissioners, who, in that case, will report the circumstance.

I. Copies of the Attorney General's opinions of the 9th of September and 1st of November 1831, and 27th of June 1836, relative to the construction of the 14th and 19th articles, and the evidence necessary to be produced by claimants under said 14th article for the purpose of showing that they signified to the agent, within due time, their intention to remain and become citizens of the States.

K. Document, No 138 of the House of Representatives 23rd Congress, 1st Session, containing the messages of the President to that body of the 6th & 18th February 1835, "transmitting a report from the Secretary of War, containing the evidence of certain claims to reservations under the 14th article of the treaty of 1830 with the Choctaws which the locating agent has reserved from sale, in conformity with instructions from the President."

- L. Copies of evidence, relating to the claims of sundry  
Indians to reservations, not embraced in the  
preceding document.
- M. Copies of instructions to A. D. Brown of the 8th of  
October 1834 and November 1834.
- N. Copy of a letter from J. W. Armstrong of the 15th  
of June 1835 to the Commissioner of Indian  
Affairs.
- O. Copy of a letter from Samuel Gwin of the 14th  
of June 1835 to the Secretary of War.
- P. Report of Mr Bell of the committee of Indian  
affairs of the House of Representatives, May  
11th 1835, in relation to claims for reserva-  
tions under the 14th article of the Choctaw  
Treaty of 1830.

<sup>+</sup>  
The title bond in this case is signed She-wa by David Fulsom, and no power of attorney is produced, but the probate shows that the reserve was present at the execution and as the common Indians often got the more intelligent ones to act for them although present themselves, and as no complaint has ever been made in the case I have thought proper to approve. R. H. Grant proves the land to be poor, and that he refused it at the price.

Copy of Daniel Brown's letter to the  
Secretary of War.  
14. June 1856.

Copy.

Register's Office.

Chocchuma, 14 June 1826.

Dear

Lewis Cass

Sir.

I have taken the liberty of making the following suggestions to you, under a full conviction that you will look upon them as the mere reflections, from experience, of one who has not been an idle spectator of passing events in the last two years. They are also given under the presumption, that the Commissioners, to be appointed under the law as reported by the Committee in the House of Representatives, to settle the claims under the 14<sup>th</sup> article of the Chocchuma treaty, will receive certain instructions from the War Department or the Treasury Department, as regards the settlement of these claims, and by which they will, in the main, be governed in their decisions. I will only remark that I have seen human nature in its most degraded form, in every hue and colour, in the examination of claims, under the late pre-emption law, and the same means will, I doubt not, be resorted to in carrying these Indian claims through. To defeat the unjust claims, and protect the just ones, is the apology I have for writing this communication.

In framing any instructions, that may be proper for the action of the Commissioners, I would respectfully recommend the guarding the following points:

1<sup>st</sup>. Let the Indian claimant, as head of a Chocchuma family, personally appear, with his family, before the commissioners. This should not be omitted by any under any circumstance.

2<sup>d</sup>. Let the Commissioners so identify him, by measuring his height and noting down any notable mark on the person of the Indian, and his family, his probable age &c, so as to enable them to know him afterwards and let this be a matter of record.

3<sup>d</sup>. Let the Indian make his own statement, and

not

not permit any white man to dictate or interfere with him in his answers to interrogatories by the Commissioner, and let him in his own way describe his residence, his improvement, how many children he had at the ratification of the treaty, their names and ages, the name of the mother &c

4<sup>th</sup> Let him state if his land has been sold and he driven from his cabin, and where - whether he then has any permanent residence, and where it is - if any white man lives near him, and his name.

5. Let him state fully the manner and time he applied to be registered, to whom and where - and if his family were with him, and who was there besides - with the reply of Col. Ward.

6. Whether he has been West - when he went - how long he remained, and who induced him to return.

7. Whether he has ever received any money in lieu of his lands from the Agent, and how much.

8. If he has sold his present claim, and to whom and for how much.

9. Whether he intends to go West or live on his land here.

After these are generally answered the Commissioner will gather some correct data of the justice of the claim, and I would urge a full examination of the Indian himself on all or most of these points and others that may present themselves in the examination. In the examination of white men great vigilance should be used to discover by examination that he is telling a simple tale of truth. As a general rule I would suggest the following questions to them.

1<sup>st</sup> How long he has lived in the Checlaw nation - how far from the Agents, Col. Ward - if he visited him often and if at these visits he saw many Indians there. Let him give the names of as many of the Indians that he knows their place of residence - whether they were apparently permanently settled &c

2<sup>d</sup>. Let him describe the place the ~~land~~  
at the ratification of the treaty, and also give  
Township, and Range as afterwards known, and  
purchased the land, if sold - and whether the Indian  
removed voluntarily, or by force from the place, and  
whether said place is then occupied.

3<sup>d</sup>. Let him be positive that the Indian then claiming  
did in fact apply to be registered, when, to whom, and  
the manner - who was present - the place, and the reply  
of Col. Ward. On these points he should be explicit  
and clear.

4<sup>th</sup>. Enquire of him particularly of the quality of the  
land, timber &c, where the Indian resided.

5<sup>th</sup>. Let him identify the Indian family, their ages &c

6<sup>th</sup>. Let him state, whether the claimant has ever been  
to the West - if he took his family with him - how long  
gone - when he returned, and who induced him to re-  
turn.

7<sup>th</sup>. Enquire particularly, if he is interested in this or  
any other similar claim, and who are.

Other questions may and no doubt will occur  
and the Commissioners may be satisfied of the genu-  
ineness of the claim without going through even this  
detail with some, but it will be well enough to guard  
them on all points. I have found but little difficulty  
in discovering a just claim from the manner of de-  
tailing the facts by the applicant himself, and I put  
much reliance on this method. On the other hand  
doubtful and unjust claims are always pushed for-  
ward with an ingenuity, and in an evasive manner  
by counsel that will naturally elicit further investiga-  
tion.

I would also recommend that the decisions of  
the Commissioners be not published until the evidence  
of all the claims are gone through with, or to meet the  
public demand at or before a public land sale.

Precedent is a strong law, and is like a wedge the  
more it is used, the wider the door opens, until at last  
it is open.

there is no barrier. The Indian can signify his assent or dissent to the receiving \$1.25 per acre for his land and may be left at liberty to change his mind at any time before the claim is finally acted on.

I would put you on your guard, on another point, so that the Commissioners may be instructed on it and that is, where men or women, present claims who are not heads of families, or where the man and wife put up each for a separate claim, by which means the Government will be giving the same individual double portions of the land. And it should be in proof, where a man, or woman, put up a claim alone - where his, or her, family are - whether gone West and how long, and when. Questions will arise of this nature, and you had better meet it by corresponding views of the treaty. A white man, before the treaty or ratification of the same, marries a Choctaw woman. She removes West with the emigrating party, leaving him here with no Choctaw family, that is, with no Choctaw wife, or children. Now will he be entitled to a reserve as head of a Choctaw family, who are required to remain on the land claimed for five years. Among the Indians, property descends through the female, I believe. Cases of this kind, I know, will arise. I think it would be well enough for you to define what is a Choctaw family - whether a person having no family can under any circumstances be considered a head of a Choctaw family, at the ratification of the treaty. It should be, also, a matter of sound reflection before you come to the conclusion, that the presenting a bundle of sticks by an Indian to the Agent, as representing other and absent, Indian families, should be taken as a sufficient manifestation of the "intention" of the absent Indian to avail himself of the benefits of the 14th Article. You will see at once the abuses that may and will grow out of a construction of this kind, without guards. The Agent alone is to judge of the fitness of the applicant, and be satisfied that he is the head of the Indian family, who should be also

also present. There is one thing certain, article claims are, in the main, of late discovery. They were hardly ever spoken of and were, in fact, only intended for the more intelligent part of the nation, who had made valuable improvements and acquired property and wished to remain and enjoy it, for if carried to the extent now claimed the very objects of the government would have been defeated, which was the removal of the Indians. If every Indian head of a family had availed himself of the privilege granted him under the 14<sup>th</sup> article, we would have had them saddled in no time.

In deciding on claims, the Commissioners should use a sound discretion on all these points and look at the intentions and objects of the contracting parties.

That you may more fully understand me, I will now state what would, in my opinion, constitute a good claim under this article.

1<sup>st</sup> That the Indian claiming was, at the making of the treaty, in fact and truth the head of a Choctaw family, that is that he had a Choctaw wife and children.

2. That he had a permanent residence and improvements consisting of at least a dwelling house and other improvements, according to the Indian custom.

3. That he applied personally within six months after the ratification of the treaty to the Agent G. A. Ward, and signified his intention of his remaining with his family on the land then occupied by him and become a citizen of the State.

4. That he with his family have remained on the land for five years from the signing of the treaty.

A claim thus presented would be a good one. If driven from his land and it sold, he could in law recover it, but to prevent this, the late law gives a discretionary power to the Commissioners to pay in cash. But all claims not coming before them in the above form, should be closely examined. If active business men should be appointed and with proper instructions, each one of the Commissioners (in case of a puff) could go on

Wm.

with the examination and reduce the evidence to writing, which could be afterwards copied by their clerk and acted on by all. This is only suggested, in case there should be a pup. The commission ought and will have its principal sittings in the Land District, where the most of these Indian claims originated, not where those claiming under them have made their locations. Columbus and Augusta will be the principal places of meeting. It will be proper, also, to have confidential persons, entirely disinterested in any shape, employed to examine the lands where the Indians lived and instructed to examine the evidence, if any, of the Indians and put a value in cash on the lands. This is important to prevent imposition as to the valuation. The Register should be required to give information, if the lands claimed have been sold, to whom, and when. The field notes in the Surveyor General's office will be of great service in ascertaining the sections on which the Indians resided, as they generally noted down the Indian settlements.

I have thus, Sir, in an indigested form, given you my ideas on this subject, which, if they are of any service to you, will be a matter of gratification to me. My whole object is that you may have as much light as possible in forming your instructions, and that the questions, involving such a mass of property, may be settled justly.

Public sentiment is decidedly against the claims, but I am satisfied, if examined into as they ought to be, the public will be satisfied, but if carried on loosely, it will create still more excitement. The acts of Col. Martin have been strongly censured, and condemned, which will require great prudence on the part of the government. The law as reported by the House is, in the main, first rate and will have a good effect by its general circulation and if passed by both houses, as it now is, and proper persons appointed by the President, the matter will all be amicably

cably settled this summer and fall.

I am, respectfully,

Yr. Obedt. Servt

(Signed) Samuel Gwin.

Register N. W. Dist. Miss.

I would recommend as suitable persons to be  
appointed as Commissioners, Col. Suncap, Judge J. A.  
Nicholson, and R. H. Buckner of Clinton, Clinton County  
Mississippi.

1. Pis-a-la-he-ma a female maid at the time of the treaty to Ta-hom-ba, who belonged at that time to Cobb's Company. He thinks he is a claimant under the 14<sup>th</sup> Article of the Treaty.

2. Tuck-a-tam-ba a male pointing him out named two years since to Tuck-a-we-hom a daughter of Othello who he thinks belonged to Cobb's Company at the time of the Council at Tumbull. He was never married before and lived with his mother at the date of the treaty and still lives with her. Ota-cha was a full blood Christian. He is now

At the time of the treaty Ota-cha had an improvement a house and a ~~very~~ large field in which he is still living at that time with his family and where the family have continued to live to this time. Witness was at Fort Laramie at the time of the Council, and was collected in the same place. If he was living at that time he could not have been there as he was very old and infirm and unable to walk. He could only go a very short distance. Hott-oka and Tuck-a-tam-ba he thinks were there, but did not to his knowledge as before. List would to be continued —

Witness was at Tumbull at the Council, Ota-cha was not there. Hott-oka and Tuck-a-tam-ba were there. Hott-oka had his name put on the list. Tuck-a-tam-ba was put down he saw it done. The list when finished was taken to We-cha-ye-tom. He never saw the list afterwards until at the same ground at the time of the Council at Fort Laramie. He

2  
 1888 It was then in the possession of Weechee the home  
 he saw him take it out of his saddle bag. He  
 knows it was the same paper. It was folded up -  
 when open it was about the size of a common  
 half sheet of foolscap paper when folded it was  
 about half the size. He does not remember that  
 it was opened in the Camp grounds. He saw no  
 writing on it at that time and does not know  
 if it was written on more than one side.

He did not remain in the house at Turnbulls  
 during the latter part of the time, this was pre-  
 paring it. He never saw the paper from the time  
 he left Turnbulls until he saw it at the Camp  
 grounds at the time of the annuities. Weechee the  
 home after he had taken the paper out of his  
 saddle bag started off towards the house where  
 where Col. Ware was at Bear Springs. He thinks  
 he went by himself he has never seen the paper  
 since. At the time of the treaty Oracha and  
 his family belonged to Weechee the home Company.

Is not related to Oracha or his family -  
 Is not interested in his claim -

The land claimed by Oracha <sup>or his representative</sup> has not

Salvation, Description &c, of Choctaw Orphan lands, lying in Waltham County, Mississippi - in Township Twenty Three (23) Range Eighth (8) East - as reported by Edw. A. McCallhall in October 1885. -

North West quarter of Section Thirty Four.

(N. W.  $\frac{1}{4}$ , S. 34) -

Good "Crem-bottom" land - growth chiefly oak & hickory - About one third of the land in this q<sup>r</sup> is glaz<sup>d</sup>, & of but little value now, tho it can be reclaimed. No improvements. Worth some dollars (\$5) per acre.

No adverse claim. -

South West quarter of Section Thirty Four.

(S. W.  $\frac{1}{4}$ , S. 34) -

Good "Crem-bottom" land - growth, oak, hickory, gum, poplar, chestnut & dogwood. No improvements of any kind on this q<sup>r</sup>. Worth some dollars (\$7) per acre. The increased value since the sale in '38 is not accountable - as the land is supposed to have been worth some dollars (\$7) at that time.

No adverse claim. -

North East quarter of Section Thirty Three

(N.E. 1/4 S 33.) ~

Good hard land - growth, hickory, gum &c.

No improvements, of any kind, on this q<sup>r</sup>.

North Five dollars (\$5.) per acre. Increased value since the sale in '38 can not be accounted for except it has grown out of the increased demand for land. No adverse claim.

North West quarter of Section Thirty Three

(N.W. 1/4 S 33.) ~

Good hard land, - growth, oak, pine, hickory &c. &c. On this q<sup>r</sup> about thirty (30) acres were cleared about the year 1854 which have not been cultivated for about eight (8) years. The fence which once enclosed the clearing has been burned down. The cleared land has not been injured by cultivation - but it adds nothing to the value of the q<sup>r</sup> - inasmuch as the timber cut off the land was worth as much as the expense of clearing.

North Five dollars (\$5.) per acre. Increased value, since '38, owing to the increased demand for land. No adverse claim.

South West quarter of Section Thirty Three  
 ~ (N. 1/4, S. 33) ~

Good "Sewer bottom" land, - growth, oak,  
 sugar, hickory, chestnut, buck & gum. No  
 improvements, of any kind, on this q. -  
 Worth from dollars (\$7) per acre. In-  
 crease in value, since '58, owing to the  
 increased demand for land in the country,  
 No other claim. -

South East quarter of Section Thirty Three  
 ~ (S. E. 1/4, S. 33) ~

The description given above, of S. E. 1/4, S. 33,  
 is applicable, in all things, to this  
 quarter. -

45. North West quarter of Section Thirty Eight  
 ~ (N. W. 1/4, S. 38) ~

Good level land - except about six (6)  
 acres, in the North West corner - this is  
 good undulating land - growth on <sup>the</sup> level land  
 oak, hickory, pine & blackjack - growth on  
 the balance, oak, hickory & gum. The im-  
 provements consist of a few cabins, stables,  
 & a good well & a garden. There are  
 ten or fifteen acres of land in cultivation  
 on this q. - Worth Five dollars (\$5) per  
 acre - One dollar (\$1) per acre more

on account of the improvements. Increase value  
since the sale, in '38 owing to the improvements,  
the assessor claim. -

South West quarter of section Twenty Eight

~ (S.W. 1/4, S. 28.) ~

Good level land - growth, oak & yellow  
oak & pine. No improvements of any kind on this  
quarter. North Eight dollars (\$8) per acre. The  
increase value since '38 is owing partly to the  
improvement in the soil in this, that the clods  
& glades have filled up, & are now valuable  
for cultivation - & partly to the increased demand  
for land. No assessor claim. -

South East quarter of section Twenty Eight

~ (S.E. 1/4, S. 28.) ~

Good level land, - growth, chiefly, oak & hick-  
ory. No improvements. - About one third of this  
q<sup>r</sup> is glady, & is timber now, tho it may be re-  
claimed. North Ten dollars per acre (\$10).

No assessor claim. -

North East quarter of section Twenty nine

~ (N.E. 1/4, S. 29.) ~

Good level land - is apt about sixty acres  
(\$6) in the North East corner, which is hill  
land, & poor. Growth on the level land is oak

gum, hickory &c - growth on the hill land rose,  
black oak & hickory. There are about fifty acres  
on the south side of this q<sup>ty</sup> of glady land -  
About thirty (30) years were cleared within or eighteen  
years ago about the center of this q<sup>ty</sup> - but the  
clearing adds nothing to the value of the q<sup>ty</sup>  
land, as the land is somewhat worn -

Worth Three dollars (\$3.) per acre. No adverse claim.

South East quarter of Section Twenty nine

(S.E. 1/4, T. 29, R. 14, S. 34) -

Good land - rather inferior - mostly glady  
& thin - growth pine oak & maple. No im-  
provements of any kind. Worth Two dollars  
(\$2.) per acre. This land seems to have ~~been~~  
in '38 for more than its value. No ad-  
verse claim.

North East quarter of Section Thirty one

(N.E. 1/4, T. 31, R. 14, S. 34) -

Good "Second bottom" land, - growth, oak, gum,  
cottonwood, poplar, hickory & white oak. - Fifteen (15)  
acres were cleared on this q<sup>ty</sup> December (17) or  
eighteen (18) years ago - but have not been culti-  
vated for the last years - no fence around the clear-  
ing - The land has not been improved by cultiva-  
tion. Worth nine dollars (\$9) per acre - one dollar  
(\$1) per acre more on account of the clearing.

S.

increased value since '38 owing to the improvements, & the increased demand for land - it is supposed this q<sup>ty</sup> sold for less than its value in '38. No adverse claim.

North East quarter of Section Thirty Two. ~

~ (T. 8. 1/4, S. 32) ~

Good soil land - growth, blackjack, oak, pine & hickory. No improvements - Worth five dollars (\$5) per acre. Increased value since '38 owing to the settlement of the country & the increased demand for land. No adverse claim.

North West quarter of Section Thirty Two

~ (T. 11 1/4 S. 32) ~

Good soil land - growth, oak, hickory & gum. Five or six years were cleared in this q<sup>ty</sup> - near the center, sixteen years ago - but not now in cultivation. Worth six dollars (\$6) per acre - one dollar (\$1) more per acre, on account of the clearing. Increased value owing to the improvements & the increased demand for land. No adverse claim.

List B Cases allowed by the Commissioners, but rejected by the Secretary of War on his revision of the evidence on which such awards were made.

List C & D. contain the names of all those denominated Bay Indians that can be identified. ## Memoranda

The contract with Anderson, Forrester, Cobb and Pickens for the removal of the Choctaw Indians from Mississippi was signed on 5 September 1844.

The fund required for its fulfilment was not received at the War Department till February 1846. (See Dec. R. 86 Senate, page 9. Vol. 33 Indian Office Library.)

On 12 June 1843, there was transmitted to Jas. M. Rae Esq. Special Agent in the removal of these Indians, 74 pieces of scrip for Heads of families, 148 pieces for children over 10 years of age and 119 pieces for children under 10 years of age, making in all 331 pieces - which were issued on the claims that had been allowed by the President on the report of Messrs. Murray & Brown under the act of 3<sup>rd</sup> March 1837.

On 25 November 1844, there were delivered to A. A. Barstow in this city, who had been appointed on the part of Government an agent to superintend the removal &c. to be delivered to Jas. M. Rae Esq. for delivery to the Indians entitled, on condition of their indicating an intention to emigrate - 455 pieces of scrip, issued on claims reported by Claiborne & Graves under the law of 23 August 1842. Of this last lot, 137 pieces were for Heads of families, 166 for children over 10 years of age and 152 for children under 10 years. Making with that previously sent - in the hands of the agent 789 pieces - equal to 138,880 acres or \$172,600. Although Messrs. Gaines, Tyler & Rush, the successors of Claiborne & Graves, were in session in Mississippi, yet

at the time referred to 28. Nov. 1844. They had not reported a solitary case to the Department nor did they as the records indicate, until April 1845.

Information on file shows that the first party under the contract was not mustered for removal till 10. February 1845. upwards of two months after the last batch of scrip must have reached Mississippi, and even then the report of the Agent who had the scrip for delivery shows that of the scrip in his hands in December 1844 he had delivered up to 21. April 1845-

as follows. Of 211 pieces for heads of families only 95 pieces

" 314 pieces " children over 10 " 126 "

" 264 pieces " " under 10 " 125 "

789

On 29. January 1845. Mr. Anderson one of the contractors writing from Hockah Mississippi to the Secy of War says "The emigration of the Choctaws is progressing with spirit & success." Not one word is said about the want of scrip to induce the Indians to emigrate. But for the reasons detailed by him as operating against more active measures. See above document pages 27 and 28.

Mr. Forrester one of the contractors who went West with the first party, died in August 1845. It is supposed that that event had a tendency to postpone in some measure any further emigration that season. for the second party did not arrive West till April 1846. And in the month of September 1845. Mr. Forrester who had been relieved from his Govt. agency, represented that he had been furnished with the necessary powers from all

the contractors for emigrating and subsisting the Choctaws and would in a few days proceed to execute the trust committed to him, and requested that there might be no delay in issuing the scrip due the Indians. He here had allusion to the claims reported by Tyler, Garms & Rush, whose final report was made on 17. June 1845 and which was then under examination and had been by the legitimate force of the office by night as well as by day from the month of May preceding. This examination resulted in the allowance of 792 claims of Heads of families - 898 for Children over 11 years and 695 children under 11. Certificates of scrip for all of which were transmitted to Major Armstrong at Jackson Miss: by Special Messenger on 27. October 1845 and were received by him on 14. November 1845, making together 2315 pieces and with that received by him from Mr. Mc Rae amounting to 2764 pieces. Notwithstanding the large amount of scrip in the hands of Major Armstrong, it was late in the month of February '46 before the second party reached the East bank of the Mississippi on their route West.

The scrip which had then been so disbursed all the claims that had been allowed by the Department. But the Department was induced on the representation of the Agents of the Indians that injustice had been done them by the Government to review its decision on the claims objected and, as I think with the most liberal spirit allowed on the review to the amount of 543 claims for Heads of families and children, and before 10. August

1846 and 8. October following, acted on 328 claims of the Quak watah ah Indians under a joint Resolution of Congress - of which 171 claims were admitted, enabling the office to send to Major Armstrong 714 pieces of scrip which were in Mississippi in October 1846 and before Major Armstrong had arrived there to superintend its delivery. Events which have transpired since that time show that the scrip being in Mississippi has not accelerated the migration - of course it not being there did not retard it.

61  
SCHEDULE OF THOSE CHOCTAW WHO RECEIVED LAND UNDER THE PROVISIONS OF THE 14th ARTICLE OF THE TREATY OF 1830 BY REMAINING UPON THE LAND FIVE YEARS IN ACCORDANCE WITH THE PROVISIONS OF THAT ARTICLE.

The Court of Claims in the case of the Choctaw Nation vs. The United States found that 143 heads of families received land in accordance with the terms of Article 14 of the Treaty of Dancing Rabbit Creek (Court of Claims Reports 21, page 61). In the statement of facts in connection with the decision of the same case by the United States Supreme Court a similar statement is made as to the number who received land (119th U. S., pages 6, 17). An exhaustive examination of the records of this office together with an investigation of the records of the General Land Office fails to show that more than 129 heads of families had secured lands under the provisions of Article 14 at the time those decisions were rendered. Since that time to wit on January 20, 1868, a patent was issued to Ohoyo or Ohoyo Tom for certain lands as head of a family under that article increasing the number to 130. This is believed to be the correct number of heads of families who received the benefits of that article. The petition in the case referred to stated that there were 143 heads of families that received the benefits of that article and the answer admitted it which probably was the cause of the finding of the courts as has been herein referred to.

All persons whose names appear on this list received land under the 14th Article of the Treaty of 1830 unless the contrary is shown in connection with the name where it appears.

In granting these reservations sons and daughters who were adults were treated as "over 10 years of age" and entitled to a half section only, even in cases where they had been married and returned

-2-

to the parental roof. By way of illustration, in connection with the name of To-bla-chubbee, the name of his daughter, Ish-mi-ah appears, also that of her son Ta-ho-ba, both being scheduled as members of the family of To-bla-chubbee. Ish-mi-ah had been married, was deserted by her husband and had returned to her father's home. There are several other instances where this condition of things exist.

In connection with upwards of fifty (50) of the earliest patents no proof was taken and no record made of the names of the children in the family of the grantee, The only information sought on that head being the number over and under 10 years of age. This unfortunate circumstance makes it impossible to furnish the names of any but the heads of the families in those cases, and the number of children over and under 10 years.

It does not necessarily follow that the names of the children of any given person as they appear on the list, are all the children of that head of a family, but that they are the only children so circumstanced as to be under the care of the parent. In many instances the papers in connection with these claims have shown that there were other children who were married and gone from the home, and in others that all the children were married and gone. Wherever the names of any of these married children have incidentally been shown in the correspondence or evidence, they have been taken and appear on this list with proper explanation.

In a few instances the names of wives were given in the evidence in support of claims for reservations and those names appear on this list with that of the husband; but the Choctaws practiced polygamy and took wives and discarded them at will, so it does not necessarily follow, therefore, that the wife whose name is given was

-3-

the only wife. She was the only wife this office has any record of.

It should be borne in mind that the information furnished in connection with this list was taken with reference to the status of the parties affected, at the time of the signing of the treaty, and that some of the information furnished is relative to their status some years after, when the proof was taken with reference to their rights. This is particularly true of cases where the parties shown were under the care of parents at the time of the treaty, and the name of the husband is given here, they having grown to a sufficient age to have married between the date of the treaty and the submission of the proof with reference to their rights.

Friend and Brother

I am request-  
ed by my father (who is the U States Interpreter  
to this Nation) to write to you the  
following Communication. That he has as he  
was informed of the decision of a Council  
held by Seflow party (which was that they  
could not send a delegation to go and see  
their Great Father the President) He (my father)  
let out early this morning to attend a Council  
of the Republicans with the intention of making  
his utmost to get them to agree to send a  
delegation to go and meet their Great Father at  
Franklin. This Council will consist of the  
principal men of the North East and South  
West, and from every intelligence which  
we have heard the Republican chiefs they  
are determined to send a delegation to go  
and see the President. Happily this morning  
father received a Communication from  
the President just as he was on the point  
of going out for the Council and also one  
from yourself, with the assurance of  
which he will doubtless succeed in getting  
the Council to agree to send a delegation  
to meet with their Great Father and to  
settle at once on the subject of the  
delegation to the nation of the Republic.  
As the Council held by Seflow party

they wrote <sup>Yay</sup> ~~that~~ have been informed  
against the ~~interfering~~ and requesting  
You to remove them from Office. They  
have accused them of having been  
in the practice of telling falsehoods and  
making out to the Indians false Interpretation  
He. This can be proved to be a bad  
accusation; and rather with that You  
would do him the Honor of presenting  
Seftones letter that he may see what  
they have written against him and that  
he may have a <sup>fair</sup> chance of saving his  
Character and the honor of his family  
from the disgrace which Seftone would  
in this respect bring upon them. I have

The Honor dear Sir  
of subscribing myself  
Your friend & Brother.

P. P. Pitchlynn

P.S. The reason of my not going to  
the Council is I am making preparations  
to hurry off the Delegation should the  
Council agree to send one, I have  
the means within my power to furnish  
them with horses and any amount  
of money to defray their expenses, and  
should they Council determine to send  
a Delegation they shall not be delayed  
for the want of Cooragance &c &c.

Choclain Treaty, September 15<sup>th</sup> / 1830.

Dancing Rabbit Creek,

Wednesday, Sept. 16<sup>th</sup> / 1830.

John H. Eaton and John Coffin, commissioners to treat with the Choclain nation of Indians, this day arrived at Dancing Rabbit Creek. At the agency, to day, they instructed the agent to address a note to the <sup>Missionaries</sup> ~~Commissioners~~, suggesting it to be improper, and requesting that they would not attend at the treaty ground, which was done by the agent accordingly.

Thursday, September 16.

The commissioners issued the following general regulation for the distribution of rations:

The contractors will have deposited with them the number of each captain's company, the district in which he lives, the women and children must also be stated, and from day to day be corrected as additional persons may come in. The ration will be as follows: One and a half pounds of beef, until further orders, be given; one pint of corn and one quart of salt to the one hundred rations. The quantity issued to any one captain may be delivered together, in one or two

skins, to them to be arranged and divided. The agent will cause the skins to be faithfully delivered, and to report any first cause of complaint that may arise.

Friday, September 17

Correspondence, as follows, both from the Commissioner and the missionaries attending at the treaty ground:

Treaty ground, Indian-Salton, September 17, 1830.

Gentlemen: The undersigned missionaries, under the patronage of the A. B. C. F. M., respectfully request the privilege of being present at the encampment during the pending negotiation for a treaty with the Choctaw nation.

Many of the people, for whose good we, in connection with the Government of the United States have, for a number of years, been laboring, have assembled at this place, and have requested that we should be with them, that they may enjoy the advantages of religious instruction on the Sabbath, and at such other intervals as circumstances may permit.

It has also occurred to us that questions may arise affecting the interests of the mission under our board, and which would render it proper and necessary that one or more of these missionaries should be present.

We should not have thought of troubling you with this note had it not been suggested to us from a quarter entitled to our respectful attention, that it would not be desirable for us to be present; but as we can perceive no

reasonable objection, the above request is respectfully  
submitted by

Your obedient servants.

James Kingbury.

James Byington.

Levin S. Williams.

John Cushman.

To the Hon. John A. Eaton, Secy of War, and } Com'r of the U.S. Indian  
General John Coffee.

P.S. - We are aware that public rumor may have produced  
the impression that we, if on the ground, would interfere  
with the particular object of the present mission, we do  
hereby assure you, gentlemen, that we shall studiously avoid  
any such interference. Should any questions arise affecting  
either ourselves or the interests of our mission, it is hoped  
we may have the privilege of having the subject considered  
by the Secretary of War and the Commissioners of the  
United States, if it should be thought of sufficient  
importance.

Treaty ground, September 18, 1830.

Gentlemen - Late last evening we received your letter of  
yesterday, requesting "the privilege of being present at the  
encampment during the pending negotiation for a treaty with  
the Choctaw Nation."

We cannot but consider the application a strange one,  
inasmuch as two days ago a letter was addressed to  
Mr. Byington, politely requesting that none of the mission

1  
men should attend at the treaty ground. This information he was requested to communicate to others, and no doubt did. It was twenty-four miles from this place, and near to his residence, that this communication was addressed. With all this knowledge, your letter is now presented, asking him to do what you have been before requested not to do. Again, even as Mr. Yolly, another missionary, was known to be here, for reasons of supposed earnest policy, he was requested to retire. His answer was, that he could not. These circumstances combined, show a determination, on the part of the missionaries, to be present, and to mingle in the councils here at all hazards, regardless of our requests or instructions.

Treaties with Indians are carried on at great expense to the Government. The Indians, and some others, are invited, who may come or not, as they please. No man, without the consent of the representatives of the Government, has a right to be present at the treaty ground. For the time being, the place, and all its privileges are theirs, and the privilege of none else, without consent. Such has been the uniform and acknowledged practice at all treaties held with Indians.

Thank as we commend and the laudable and praiseworthy <sup>vocation</sup> ~~cause~~ in which you are engaged, the improving and civilizing the Indians, and teaching them the necessity of true and evangelical repentance and forgiveness, we cannot reason ourselves to the belief that the present is a proper time, place, or occasion, for such undertakings. The whole population of the Christian section does not

half equal any one of our well settled <sup>Examples.</sup> ~~settled~~ <sup>settled</sup> You have  
you have been with them, and afforded repeated opportu-  
nities to speak, and to inspect them. The few days assigned  
for our object, which we believe to be of higher importance than  
any act of a temporal kind <sup>that</sup> ~~one~~ has occupied their attention,  
surely cannot impede the unobstructed march of mind and morals  
that lies before you. Your religious exercises may interfere, will  
interfere. At any rate, time will be consumed, and large in-  
creased expenses will be the consequence. The civilized  
man cannot serve two masters. The untutored savage child  
less can do so. He should have his mind altogether free  
and easy at such a moment as the present, and fully to be  
applied to the whole subject-matter that is before him.  
He approach the subject with his heart, resolved only upon  
one thing, that we will act candidly, fairly, and liberally.  
Save the Lushais, and save them from the ruin which  
is anticipated to invade them.

We beg leave to say your request, reasonable as it may appear  
to you, can not be acceded to. The reasons which are offered by  
you are insufficient. It is a great public matter, and an  
expensive one, in which we are engaged. Every fructified divi-  
sion tends to delay us in the completion of our business. If you  
have any thing of missionary business, which is considered  
material to be attached to, a written communication  
from you shall receive our attention if found to be con-  
sistent with a discharge of the public trust that is con-  
fided to us. Your presence, far as we are concerned, will  
not make your application either better or worse. We shall

adopt nothing into the treaty, if made, that we may not  
consider right and proper: we must therefore <sup>have made</sup> ~~show~~ consenting  
to the request you ~~make~~, and ask leave to express a wish that  
you will derive from the high-ground, and from the weight  
of it. We repeat the same wish to Mr. Golly, and ask  
the favor of you to make it known to him. We solicit an  
immediate answer, whether or not you will comply with  
this request.

We have the honor to be,

Very respectfully,

(Signed) John L. Sutton.

Wm. C. Kingsbury, &c., &c.

J. Coffey.

Camp Ground, September 18, 1830.

Gentlemen: We have just received your communication of  
this morning, and regret that our request of yesterday  
should have been considered "a change over." We also regret  
that the impression should have been made that there was  
"a determination on the part of the missionaries to be  
present:" we assure you there was no such determination  
on our part.

As we are constrained to believe that our motives in  
coming to this place are not understood, we beg leave again  
respectfully to state that, as it respects any influence which  
we could, if disposed, exert, as to the result of the present  
negotiations, we should have had no motive to have left  
our homes on this occasion. We did think the request  
of the members of our church, that they might enjoy

the privilege of religious instruction on the Sabbath a  
reasonable one, and that the Commissioners, when they came  
to understand it, would not deny them this privilege. He  
did not ~~suppose~~ suppose that this could, in the least,  
warrant the Governor of the present country, or create the  
least possible expense.

Another reason for our being present on this occasion, and we believe  
would be deemed a valid one, was, that we, as the agents of the  
Choctaws, and of the American Board of Commissioners for  
Foreign Missions, have disbursed a large amount of money in  
the school and missionary operations in this nation, and have  
now under our charge these and expensive establishments in  
different parts of it. He supposed it would not be consid-  
ered improper for one or more persons, representing these inter-  
ests, to be present on this occasion. At the treaty at Doak's  
Stand in 1820, the superintendent of this mission was pres-  
ent, and received the most respectful treatment from the  
Commissioners, and especially from the present Chief Mag-  
istrate of the United States.

It has been reported again and again to the Choctaws that no  
great man in the United States are religious, and that they  
are not in favor of the Choctaws becoming religious: if, while  
men of every other grade and color are permitted to be present,  
the missionaries alone are prohibited, we think it would  
tend greatly to confirm the above report. He cannot be-  
lieve that the Honorable the Secretary of War, and the  
Commissioners of the United States, now present, would  
willingly do anything to confirm such an impression.

It is doubtless known to the Honorable the Secretary of War,  
and the Commissioner of the United States, that there  
are various reports in circulation among a portion of the na-  
tion, as well as among white people, prejudicial to the  
missionary character, representing us as speculators, &c. We  
did hope that the present would furnish us with a con-  
venient and suitable opportunity of presenting correct and  
full information on this subject, and would result in  
such explanations and arrangements as the case might  
require. And we repeat the assurance, that the above  
were the motives, and the only motives, which brought  
us to this place.

With this explanation of our views, we comply with  
the injunction contained in your communication,  
and prepare to leave the ground immediately, unless  
we receive intimations to the contrary.

We have the honor to be, with respect,

Your obedient servants,

C. Kingsbury.

To the Hon. S. A. Eaton, Secy of War, and } Commr of the U.  
Federal Land Office, } States

P. S. Mr. Volz has received the information you  
requested to be given him.

September 18, 1830.

Gentlemen. We have received your joint letter. Business

with the council presented a reply which was. He cannot request your stay. He prefers that you should go away, and, in saying this, we intend nothing of disrespect to you, and most certainly nothing to the cause of religion. Our reasons we have already given—it is, that your labor here, under all the circumstances which are presented, cannot be profitably employed, of this you must yourselves be satisfied. A more unpropitious moment, and a less auspicious time for religious results, could scarcely be imagined. Your absence may aid civil purposes greatly. Your presence cannot, we are persuaded, advance the cause of religion in the West. We must therefore insist upon it that you, and every other person engaged here in missionary purposes, leave the treaty-ground; and, in saying this, we again beg to state that nothing disrespectful or unkind to any of you is intended. We request this to be received as our final answer on the subject.

Saturday, 18th September.

On this day, at Boeck, the commissioners met the Chiefs, Captains, and warriors, in council, at the council-house; and thereupon delivered, and caused to be interpreted by John Pitotyn, United States interpreter, the following talk:

Treaty-ground, Dancing Rabbit Creek, September 8, 1830.  
Friends and Brothers: While it affords us great pleasure to meet you, it is with deep regret we learn that differences

and disturbances prevail among you. These should not  
be: the tendency of them, if not corrected, must be to wear  
your happiness, and eventually to destroy you. All jealousies  
and strife amongst you ought to cease, and your rule of  
government established, that those jointly shall rule the  
country who are the choice of a majority of the people. That  
is our rule, and that we recommend to you. No one has a  
right to govern his fellow man by force. If any one attempt  
thus to act, he proves himself an enemy to liberty and to  
principle.

Brothers: We offer this as matter of advice, merely; for we  
come not to interfere in ~~any~~ your domestic affairs, but  
rather to persuade you to get peace on with another, and  
to live as brethren should, that your nation may be tranquil  
and your people happy. Act differently, and you cannot fail  
soon to be rendered miserable, and to become degraded. Every  
man should be left free to determine who shall be his rulers.  
Attempt not, by violence and force, to influence his opinions  
and his choice, but leave him to his judgment, and to his  
freedom of action. Reason and persuasion are rightful re-  
sorts to induce men to think and act; but compulsion, wrong.  
Rulers, whom a majority of the people select and choose,  
ought to govern to the end of what the law authorize, but no  
further. Be this principle regarded, and peace, and quiet,  
and good order, cannot fail to be the consequence to any peo-  
ple who are not absolutely depraved and vicious. Brothers,  
you have missionaries amongst you, pious and quali-  
fied men we hope and believe. Had not to attend on,

and regard their admonitions while they seek to instruct  
the minds of your children, and to point you to the paths  
of moral duty and religion, but the moment they attempt  
an interference with your general government relations, re-  
ject their counsels. These are subjects with which they have  
no right to meddle, and, indeed, should not interfere. They are  
matters which belong to the government, the chiefs, and the  
people; not to the missionaries, who are placed amongst you  
for higher and nobler purposes; for Christian, not political ends.  
It is the peculiar duty of the chiefs, for they are responsible  
to their people, carefully to watch over the affairs of the nation,  
not those who have no responsibility, nor interest whatever. Through  
error of their advice they may lead you on to a state of political  
wretchedness, of which, though they might sometimes repent,  
it will never, nor be in their power to repair.

Brother, we have come a considerable distance to meet  
you, under the direction of your great father. He had  
urged you to meet and shake hands with him in your  
success, that, as a friend and father, he might speak with  
you. He was informed at Washington City that you  
desired it. Arriving at Lome, he sent Major Douby to you  
with words of his wishes, of his desire to converse with you  
on matters of deep and lasting interest to your nation. You  
refused to come, and returned for answer that you could  
not. Well might your great father then have said, "I will  
no more try to persuade you, but leave you to live as you  
can under the laws of the States." Hence thus he was  
about to determine to leave you, and no more persuade

you to a course of happiness, a messenger reached him,  
bearing from two of the three districts of your nation, a me-  
morial, entreating that commissioners might be sent. Amos  
Olt, for those who had fought by his side in behalf of his  
country, he determined to yield to that request, and to send  
those who would speak his wishes fully and candidly, and  
thereby prove the desire he entertained to preserve you,  
notwithstanding his serious family affairs had been expected.

My Brother, by <sup>the</sup> direction of your great father, we have come  
amongst you. It is not your lands, but your happiness  
that we seek to obtain. Much delay, and much talk about  
a matter which all of you will understand, is needless.  
We have not time to detain one of us, the Secretary of  
War, must very shortly return to Washington City. Here he  
cannot long remain, nor is it proper or necessary that he  
should. You all know the important matters that are to  
be considered and settled, and can readily decide upon the  
course you intend to take. Speedily answer <sup>them</sup>, and say  
what you will do. Are you willing to remain here and live  
as white men? Are you willing to be tried in courts, there  
to be tried and punished for any offense you may commit?  
To be subjected to taxes, to work upon roads and attend in  
councils?—for all these you must do. If under this state  
of things it is believed you can be contented and happy,  
then dwell upon the land where you live. But if you  
are satisfied, that under such a condition of things you  
cannot be happy, consent to remove beyond the Mississippi,  
where you will be away from the white people, and

from their law, and be able to live under your own. You  
are called upon to say whether or not you will <sup>remain</sup> ~~remain~~, for,  
if this be your determination, then let us be done with  
the subject and disperse to our homes. On the other hand;  
if you shall choose to remove, so declare, that at once we  
may proceed to some definite understanding, and arrange a  
treaty. This we are willing to do and upon terms that shall  
be liberal. We seek no advantage, we will take none. Your  
great Father would not approve such a course. He has  
sent us not as masters, but as friends and brothers, and to  
act as such. He will then act be assured: we come not  
to practice imposition upon our Christian friends, but to  
extend to them justice. This we will do.

O Brother - Hasten not, determine what you mean to do on this  
important occasion, record the vote of your band-men, and let  
us know who amongst you are willing to remove and who are  
opposed. The cause of the nation will then be correctly ascer-  
tained, and the question which has so much agitated you  
be finally put to rest: say it is your determination to remain,  
and the subject is done with - we shall then trouble you  
with our letter no more. But decide to remove, and liberal  
sums will be made to carry you to a country where you  
can be happy, and where <sup>a portion of</sup> already your Father and brothers  
have gone in search to reside. It is a desirable region, double  
in extent to the one you occupy, and large and fertile enough  
for twice or three times the number of people you have.  
There your great Father can be your friend; there he can  
keep the white man's law from intruding and dis-

protecting you; and there, too, He will guard you against all enemies, whether they be white or red. There ~~is~~ no State or Territory will be created, and He will have it in His power to protect you fully in your usages, laws, and customs. Here He can not do these things, because neither He nor Congress possess authority to prevent the States from extending their jurisdiction over you, and throughout their limits.

Brother: In the country to which you go, next, the United  
 States will protect you from enemies. Their object will be to  
 preserve you at peace with yourself, and with all man kind  
 to perpetuate you as a nation, and to render you a happy and  
 prosperous people. Here you cannot be so, it is idle to indulge  
 such dreams of your change—dreams which are entirely chimerical  
 and from which nothing of lasting reality can ever come.  
 Every day's observation shows <sup>that</sup> we later times and distress will be  
 yours to remain where you are. The kind and friendly feeling  
 of your great father will be insufficient to preserve you from  
 these inevitable results.

Brother: A portion of your action, consist of these things, and aiming, by removing, to get rid of them, sent a treaty, during last winter, to their great Father, but it was such a one as he could not agree to. He said it, however, before his great council, the Senate, for consideration, and they, too, refused to ratify it. It asked more than could be granted, and introduced principles which could not be recognized. Your great Father, while he is willing to be kind and generous, and even liberal to his Christian children, cannot concede to them terms which would be enrich and exalt him. The Senate would not consent.

Brother: In 1820, by a treaty made with you at Sockisland  
by your present great father, an extensive and fine country was  
given to you for the use of your people. It was a gift to you  
for the country you ceded to the United States was paid for  
fully. It was the understanding at the time that the Choctaws  
would remove; and on that account was it that a large, cala-  
rie, and fertile country was provided for your nation and your  
people. Ten years have passed by, and you are still here.  
The country intended for you yet remains wild and <sup>uncultivated</sup> ~~uncultivated~~

Brother: A fertile country beyond the Mississippi, and  
another thousand here, is more than you should expect.  
If you will not remove, then Indian notes may drive to do so,  
and, when they shall catch a settler, a town must be furnished  
others wanting it, the country should not remain a waste. You  
must decide which you will take, and which you will  
live upon. Both cannot live - we cannot possess - it is impossi-  
ble to expect it. If you prefer to live under our laws and  
customs, remain and do so, and surrender the lands assigned  
to you west of the Mississippi, or otherwise remove to them. Then  
your great father can protect you; and there, undisturbed and  
uninterrupted by the white, you can enjoy yourselves and be  
happy, now, and for years to come. First assured you cannot  
be so here. But if you think differently, then continue  
where you are. After the present war we shall no more  
offer to treat with you. You have <sup>seen</sup> commissioners in your  
country for the last time. Hereafter you will be left to your-  
selves, and to the laws of the State within which you re-  
side; and, when weary of them, your nation must remove

as it can, and at its own expense. It leaves you may deter-  
mine upon, whether to remove or to remain, our earnest and  
sincere wishes are that you may be happy and contented.  
For you we have the best feelings: our compliments are  
different, but our hearts and our nature are the same.  
The Great Spirit above is our common father: He has made  
us all, and we are <sup>all</sup> His.

Your friends and your Brothers,

J. H. Latou,

Sec. Office.

To the Pringoes, Chiefs, Captains and Warriors of the Choctaw Nation.

Monday, 20th September. The commissioners were noti-  
fied of the readiness of the Indians to meet them in council.  
At eleven o'clock they attended. A dispute arose between the  
chief Leflore, and some of the captains, upon the subject  
of referring all matters first to a committee of worthy persons  
to be selected from each district. Leflore insisted that,  
having most men present, and within the bounds of his dis-  
trict, he should have the largest number in the committee.  
A quarrel was likely to ensue, when the Secretary of War  
addressed them, urged the necessity of their preserving  
peace and harmony as so important a crisis, and exhorted  
the necessity, if they would preserve the nation, of fasting  
cordially together, and throwing aside all their differences  
and chiefs, and, as Brothers, to consult and act together.  
The council broke up. In the afternoon the respective  
chiefs and warriors met, and agreed to be reconciled, and  
to take the talk, and the business that had brought

them together, into serious consideration.

Thursday, 21. - The commissioners were desired by the chiefs to submit the terms they intended to offer, that they, the captains and warriors, might understand the matters to be acted upon, fully. It was upon, the commissioners consented that they would offer them terms such as, they hoped, would be considered liberal. That the next day, at two o'clock, they would meet the chiefs, captains, and warriors, and speak to them freely as to the terms they would propose.

Friday, 22. The commissioners met the council at two o'clock, the chiefs and their captives present, except Kitchikache, who was reported to be sick from the bite of a snake. Before and after being read, the commissioners were proposed, for their consideration and approval, the outlines of the treaty they were willing to enter into. It is as follows:

The following terms are offered as the basis of a treaty with the  
Shoshone People:

Land reservations to be assessed at the price at which the United States shall sell their horse and best lands, &c.

One section to each chief, is

Two sections to D. Wilson,

Two sections to R. Cole,

Two sections to L. Pritchard,

Two sections to L. Lyman,

One section to Shashay,

One section each, to 29 captains, is to each district - 39.

Half section to 40 captains and principal men, 20 - 20 in each district.

Reservation of sections or acres

Reservation to others who may probably not remove, say 600 families  
at 640 acres, is 96,000 acres.

Immunity, <sup>2500</sup> ~~20000~~, for 20 years - 3,000,000.

Funeral and support of Indians for one year -

Education of 40 Choctaw boys by the Secretary of War, under the  
direction of the President, 20 years. !

Pattle purchase of.

Council house for the nation at the agency, \$3,000.

Three churches, one in each district, to be used for school, \$3,000.

House for each chief at \$3,000.

Measles and preacher for the nation for 20 years, \$50,000.

One thousand guns and ammunition.

One thousand blankets and letters.

One thousand axes, ploughs, and hoes.

One thousand wheels and carts, and 400 horses.

Three blacksmiths, one to each district, for 16 years, \$40,000.

One millwright, for five years.

Unit of clothes to 100 captives and carriers, as outfit.

Pay of captives for four years, at \$50, \$20,000.

Pay of each chief for 20 years, \$20,000.

Compensation to those who have no reservations for improve-  
ment, \$50,000.

The chief, Tradehouse, inquired if the present treaty was to  
be considered as retaining former treaties and their provisions  
or as repealing all former treaties, and the present <sup>ought to be retained?</sup> ~~only~~ The  
answer was, that it was desirable fully to embrace every thing  
that the present might be considered the only treaty that

was to be looked to; that, excepting former munitions, all were  
our traitors were to be considered as wicked and set aside. The  
Council then separated.

Thursday, 23. This morning the commissioners were informed  
that the Indian Committee, appointed to consider the terms  
proposed, were about to reject them, and refuse to treat.

That it was represented to them there was but one spring, and  
only one, in the country west of the Mississippi, and that the  
Law of a State had already been extended over the Cherokees  
who had removed there.

The commissioners returned for answer that the representa-  
tions were wholly incorrect; that there was no state near to  
where the Cherokees lived, or within many miles of them, or  
the country owned by the Indians; that the information  
was from evil-minded persons, intended to deceive and to  
perplex their minds, and requested that they would  
meet to receive their explanations. The answer was, that at  
12 o'clock they would again meet in Council, and desired the  
presence of the commissioners.

12 o'clock. - The commissioners attended at the Court-house,  
and received, through the chairman of the committee, the  
Pictograph, their determination and report. They stated  
their great surprise at being informed their great Father  
had understood they were in distress and dissatisfied,  
and were surprised at being informed they could not re-  
tain the lands which by the treaty of 1820 had been se-  
cured to them, that they had concluded not to treat  
for a sale of their lands. The report being received,

The secretary of War rose and made an address to them  
probably before the council, told them of their situation  
and condition, and of the impossibility, on the part of  
the great nation, to permit the operation of the law  
on them. That they had been badly advised, and were  
putting reliance on persons who, while they professed to  
be their friends, would be sure to forget them in the hour  
of difficulty and trial. Their object, he well knew, was to  
<sup>obtain</sup> ~~claim~~ the best bargain they could, and the Commissioner  
was prepared to give them one, on all respects liberal,  
to the extent that they could take the Senate of the  
United States would ratify. The Government intended  
this was the last treaty ever to be made with them, and  
it certainly was the last time that Commissioners  
would ever appear in their nation to talk with them  
on this subject. They had come as friends, and at their  
own request, to protect them from injury, not to cavil  
with them about prices. As for their lands the Govern-  
ment cared nothing, for they had enough. Their object  
was merely the possession of the country, without regard  
to anything of value or profit to be obtained from the sale  
of them. He called their attention to a printed letter to  
the War Department from two of the chiefs of their dis-  
tricts, and which two of their principal chiefs had signed,  
in which they had said most feelingly that they  
were distressed, and could not possibly live under the  
laws of the State, and begged that commissioners  
ought be sent to their nation to conclude a treaty. For

them now to state differently should their insinuity and  
deception. That perhaps their complaints would not  
be regarded because they could not be satisfied in. The  
Secretary of War requested them to understand that their  
removal was to be a matter for their own reflection and  
judgment: unless they really desired, in emigrating to emi-  
grate, their happiness would be promoted, he begged them  
not to think of removing, that they must go freely, and of their  
own accord, or not at all. They had today declared that  
they were unwilling to remove. He supposed they had ar-  
rived at the conclusion that they could remain where  
they were, and live under the laws of Mississippi.  
And of course the commissioners had nothing more to say  
or to advise. They would now take their leave and go  
home. It was matter of regret, he said, that their judg-  
ment had erred so much in the decision they had made.  
Throughout, the language of all of them had been that  
they could not live under the white man's laws. If such  
was not their deliberate opinion, why had they avowed  
it, and why did they solicit the President to send com-  
missioners to treat with them when they could not but  
know it was attended with great expense? He said  
he well knew that many of them could live any where  
where he could, their education and intelligence author-  
ized him to say and believe so, but the common unim-  
agined. Education would not. For them to live under  
laws which they could neither read <sup>nor</sup> be made to  
understand, was expecting too much. And what are

They to do under the decision just pronounced? Will they resist the law? The sheriff must enforce them. Will they oppose him with their guns and tomahawks? It like the Choctaws could raise one warrior to resist, there could be found one hundred or one thousand to oppose that resistance, and to enforce the law. These are things which seriously they should have considered before their decision was pronounced. The commissioners, he said, had nothing further to remark, but to take care of them and go home, and accordingly they retired from the council.

Shortly afterwards they were called upon by several members of the committee, with a request that they would not leave the treaty-ground, that they had considered of the remarks which had been made to them, and had no doubt, if the commissioners would remain a few days longer, that a treaty could be made. To this the commissioners assented.

On Tuesday, 20th, 1831, the committee on the part of the Indians, landed in a place, purchasing the grounds on which they were willing to treat. It contained various objects of natural beauty, and amongst others, a proposition to make a perpetual stock of \$50,000 at an interest of 6 per cent, but redeemable at the pleasure of the Choctaw nation after twenty years. The commissioners returned for answer that the money offered had been fully considered, and that some of them were inadmissible; but that, at 11 o'clock, they would meet the chiefs and warriors.

in council, and state to them those what they were willing and disposed to do.

11 o'clock. - The council met: present, the commissioners, the three chiefs, Captains and warriors of the nation, when the following terms were proposed and interpreted.

Christian proposals for the basis of a treaty in line of them were, ~~from~~ to be proposed.

They are offered from a full consideration of all the circumstances, and from a desire that amity and justice and liberality may be extended to your Christian brethren. If approved, a treaty to be drawn out in form, removal to take place within two, or two and a half years from the ratification of the treaty, and the treaty to be binding from the date of ratification upon the following terms:

Land reserved, and the value at the lowest Government price only:

|                                                                         |                    |
|-------------------------------------------------------------------------|--------------------|
| 4 sections to each of the three chiefs, two to include improvements, is | 2 sections         |
| 4 sections to Col. D. Holcom, two to include improvements, is           | 4                  |
| 2 to R. Cole and 2 to J. Garland, for improvements                      | 4                  |
| 2 to the speakers of each district                                      | 6                  |
| 2 to J. Plafin, and 2 to J. Luzzan                                      | 4                  |
|                                                                         | <u>30 sections</u> |

1 section to 13 Captains, to be drawn and to be placed in a supplemental treaty - 50 sections.  
And that others not provided for above, and who will

more, may be divided for, then shall be reserved  
three quarters of a section to each head of a family, who  
during the present year may have had in actual cultivation  
a farm of thirty acres, and a dwelling-house thereon;  
said reservation to be bounded by quarter section lines  
contiguous and adjoining, and to contain the part of  
the improvement on which the dwelling may be situated;  
and which, with the consent of the President of the  
United States, the owner may sell - the number not  
to exceed five hundred persons; and to those who may  
have had in cultivation as aforesaid a farm of twenty  
and less than thirty acres, a reservation of two quarter  
sections to be bounded by quarter section lines, and to  
be contiguous and adjoining, and to include the dwell-  
ing, and subject to the condition of the preceding class  
of cases - the number not to exceed four hundred  
persons. And to those who may have had in cul-  
tivation as aforesaid a farm of more acres, and not  
more than twenty acres, a reservation as aforesaid,  
under the conditions and restrictions aforesaid, one  
quarter of a section of land - the number not to  
exceed four hundred and fifty persons. —  
And to those who may have cultivated as aforesaid  
a farm of four acres, and less than twenty acres,  
a reservation under the conditions and restrictions  
aforesaid of one eighth of a section - the number  
not to exceed three hundred and fifty persons.  
And any captain, the number of whom shall

not exceed ninety, who shall fail to obtain under any of the provisions less than a section, he shall in that event be entitled to half a section additional, to adjoin his other reservation. In making sale of any part of it, he shall be subjected to the conditions before stated. Children of Christian parents residing in the nation, a list and proof of which shall be filed with the agent within six months after the ratification of this treaty, who have neither father nor mother, shall be entitled to a quarter section of land, to be located under the direction of the President.

Also, such persons wishing to become citizens, and who are heads of families, shall be entitled for himself or herself to a section of land; and having lived upon, and cultivated the same for six years after the ratification of this treaty, shall receive a grant in fee: the location shall be bounded by sectional lines and include his or her dwelling.

Likewise, for each unmarried child residing with him or her, on notice and a request made with the agent in six months from the ratification of such stipulation, said child shall be entitled, if over ten years of age, to half a section; if less than ten, to a quarter section, to adjoin the parent's location.

Say that only 200 remain, is - - - - - 200 sections

That 200 children are over 10 years - - - - - 100

Sunday 26th. - Council conference at the Commissioner's quarters. Took place this morning between the chiefs and some of the captains and head-men, in which

Several alterations and additions were made to the terms proposed. They insisted to increase the number of guns and Launches, agreeably to the promise which was made to them in the treaty of Boak's stand, made in 1820.

Monday 27<sup>th</sup> <sup>day</sup> The meeting at the Council House took place today. The treaty as drawn up was submitted, interpreted, and explained; and at one o'clock it was signed and is as follows; x x x ~~(Treaty to be omitted)~~ <sup>(Treaty omitted)</sup>

The Commissioners informed the Council that there were some other minor matters which had lately been agreed on, and which that evening would be arranged, in a Supplement form, as part of the treaty just signed, and that to-morrow they would be ready to submit it for their signatures.

Tuesday 28<sup>th</sup> - <sup>following</sup> The Supplement was submitted and signed as part of the treaty. (Supplement omitted) x x x.

The Indians being all assembled, some of the chiefs and head-men represented to the Commissioners that it had ever been a custom at their treaties for their people to expect some present from their great father as evidence of his kindness. The Commissioners accordingly informed them that, not knowing that any treaty would be concluded, they had not provided the means of complying with their request; but that such articles as could be procured would be divided amongst their true friends, to be proportioned by the chiefs to the people, in all amounting to dollars.

4 o'clock P.M. - The commissioners took their  
leave and departed, leaving the Indians peaceful, quiet,  
and, to all appearances, well pleased and satisfied.

you so difficult and important, but I rely  
upon your zeal and exertions to accomplish <sup>it</sup> in  
a manner best calculated to promote the wel-  
fare of the Indians, and the proper interest of  
the government. Make the locations where you  
think right. Do not suffer yourself to be  
influenced by the applications or importunities  
of white persons. The government recognizes  
no sale which has been made, nor will stay  
until the locations are completed, and a  
system adopted and made public for pro-

and of incurring to them a just consideration  
for their property. Arrange your business,  
therefore, with the Indians alone.

We are apprehensive that there will not be

val of the time fixed for the public <sup>(Sales)</sup> ~~conveyances~~.  
In that event, you will please to give notice to  
the proper registers and receivers, and they will  
be instructed to postpone the sale to such a pe-

heard, however, the districts can be designated,  
the sales of which may go on without interfe-  
ring with the Indian locations.

Department of War;  
(October 11, 1833.)

To Col. Geo. W. Martin,  
via Randolph  
Choctaw, Mississippi.

Sir: I have received your letters of the 15<sup>th</sup> and 22<sup>d</sup> ultims, together with a printed notice enclosed in the former.

I perceive the embarrassments under which you labor, and am satisfied you will proceed in the execution of your duty in the best manner the means of information in your power will permit. You doubtless ere this have received a copy of the register prepared by Major Armstrong. This will furnish you with an authentic list of all the claims to which any of the Choctaws are entitled, and you will be guided by it and by the treaty in making the locations. I perceive you have selected certain persons to aid you in the receipt of applications. The full effect you mean to give to these applications, I do not understand. I presume, however, it is merely to guide you in receiving from each the proper tracts. You will under no circumstances, allow a reservation to a person whose

76

right is not recognized in the register of claims prepared by Major Armstrong, or by name in the treaty. If, however, you should find that this mode of receiving claims would aid you in the execution <sup>of your duty</sup>, you are at liberty to pursue it, taking care that a very small compensation is promised to the persons employed, as their labor must be comparatively trifling.

¶ There are three modes of location pointed out by the treaty: one is specific, depending on the situation of the improvement annexed to it, and will require no ~~discretion~~ <sup>discretion</sup> in fixing it. Another is at the option of the receiver — and here of course you must be guided by his own choice. And a third is general and confided entirely to you.

¶ With respect to the latter, you will observe that the President desires to fulfill the stipulations of the treaty in a spirit of justice and good faith to the Indians. He rather wishes all the valuable tracts to be selected for the Indians which give value to the country, or such ones assigned to them as are unfit for cultivation. Wherever you have a discretion in the location, let the tracts selected be of the average quality of the country, and such as are fit for all

farming purposes, and upon which the Indians can obtain a proper support. Let no white man interfere with you in these locations. Receive no representations from any one. Any conveyances made by the Indians are as yet wholly void, and the President does not recognize the right of a single person claiming lands in the Choctaw country under a deed or conveyance from any Indian.

You are at liberty to receive and it is proper they should be received; but act for yourself, after you have procured all necessary information.

You will consider that clause in your instructions of the 26<sup>th</sup> of June, which requires you to establish permanent marks upon each reservation, as applicable only to the plans of surveys, and not to the tracts of land themselves.

By entering the name of each reserve upon his location, the object of that provision will be attained.

It is important that the Indian reservations should be brought as much together as possible and you will not lose sight of this object. If too much scattered, the Indians will be exposed to great inconveniences.

Whereas, by living in the same neighborhoods,  
they can be better protected in their rights and  
secured from injuries. Let, therefore, no in-  
dividual negotiations, in the locations of which  
you can exercise a discretion, be made apart from  
this.

¶ By the treaty, persons entitled to reserva-  
tions in consequence of improvements are to  
locate them upon the legal subdivisions  
which contain their dwelling-houses. If two  
or more persons own a dwelling-house upon  
the same tract, let them make an amicable  
arrangement for preference, if they are willing to  
do so. If this cannot be done, let the tract be  
assigned to the direct settler, where <sup>that</sup> the fact  
can be determined. When it cannot, you must  
draw lots for choice.

¶ We have read your printed notice, and do not  
see anything objectionable in the course you have  
marked out. Your views will of course be limited  
by these instructions.

¶ On inquiry, I find you had been advised by a letter  
of July, 1833 that it was not in the power of the  
General Land Office to furnish you with plats in time  
for the locations and that you had been referred to the  
surveyor general to procure them. I trust that you have  
been supplied in this with all the requisite information  
on the subject.

I am, &c.

Lewis Cass.

Treaty Ground; Dancing Rabbit Creek

Sept. 18. 1830

To the ~~Chickasaw~~, Chief

Captains &amp; Warriors of the Choctaw Nation

Friends &amp; Brothers

While it affords us great pleasure to meet you, it is with deep regret we learn that differences, & disturbances prevail amongst you. These ~~things~~ should not be; their tendency ~~if not~~ if not corrected must be to mar your happiness, and eventually to destroy you. All jealousies & strife amongst you, ought to cease; & your rule of Government established, that those quietly shall rule the affairs of the Country, who are the choice of a majority of the people. That is our rule, & that we recommend to you. No one has a right to govern his fellows <sup>freely or</sup> ~~by force~~. If any attempts thus to act, he proves himself an enemy to Liberty & to principle.

Brothers! We offer this as matter of advice merely. You we come not to interfere in your home affairs, but rather to persuade you to be at peace, one with another, and to live as brothers should, that your Nation may be tranquil, & your people happy. Act differently, & you cannot fail soon to be rendered miserable, & to become degraded. Every man should be left free to determine who shall be his rulers. Attempt not by acts of violence & force to influence his opinions, & his choices; but leave him to his judgment, & to his freedom of action. Reason and persuasion are rightful resorts to induce men to think & act; ~~force~~ ~~compulsion~~ never. Reason, whom a majority of the people prefer & choose, ought to govern, to the extent the laws authorize, but no further. Be this principle regarded, and peace, & quiet, & good order cannot fail to be the consequence to any people who ~~will~~ <sup>not</sup> ~~not~~ <sup>absolutely</sup>

absolutely, depraved & vicious

Brothers. You have Messenarries amongst you, pious  
& qualified men, we hope & believe. Fail not to attend  
on, & regard their admonitions, while they seek to  
instruct the minds of your children, & to point you  
to the paths of moral duty, & religion; but the moment  
they attempt an interference, with your general, government  
relations, reject their counsels. These are subjects with  
which they have no right to meddle, & indeed should  
not interfere. They are matters which belong to the  
Government, the Chief & the people, not to the Messenarries  
who are placed amongst you for higher, & nobler  
purposes, — for Christian, not political ends. It is  
the peculiar duty of the Chief, for they are responsible  
to their people, carefully to watch over the affairs of the nation,  
not those who have no responsibility, no interest whatever. The  
error of ~~their~~ advice, they may lead you on, to a state of  
political wickedness, of which also they might hereafter  
repent, it may never be in their power to repair

Brothers! We have come a considerable distance to meet you  
under the direction of your Great Father. He had invited  
you to meet & shake hands with him in Tennessee, that as a friend  
& father he might speak with you. He was informed at Washington  
city that you <sup>desired it</sup> ~~would be~~ <sup>at home</sup> ~~at home~~ <sup>he sent Major</sup>  
Donnelly to you, with news of his wishes, — of his desire to converse  
with you on matters of deep & lasting interest to your nation  
~~that~~ you refused to come, & returned for answer that you  
could not. Well might your Great Father then have said, "I will  
no more try to persuade you, but leave you to live as you can  
under the law of ~~the~~ <sup>the</sup> ~~States~~ <sup>States</sup>" When thus he was about to  
determine, — to leave you, & no more persuade you to a course  
of infidelity, a messenger reached him, bearing from two  
of the three districts of your nation a memorial intreating  
that Commissioners might be sent. Amongst others for those  
who had fought by his side on behalf of his Country he determined  
to yield to that request, and to send them off with

who would speak his wishes freely & cordially, & cheerfully  
 prove the desire to be entertained to preserve you, naturally  
 standing, <sup>that</sup> his previous friendly offers had been rejected.  
 Moreover by the direction of your Great Father we have  
 come amongst you. It is not your lands, but your  
 happiness that we seek to obtain. Much delay, & much  
 talk about a matter which all of you well understand  
 is needless. We have not time to be tedious: one of us the  
 Secretary of war, must very shortly return to Washington City—  
 Here he cannot long remain; nor is it <sup>it</sup> proper or necessary  
 that he should. You all know the important matters ~~that~~  
 are to be considered & settled; & can readily decide upon  
 the course you intend to take. Speedily answer then, & say  
 what you will do. Are you willing to remain here, &  
 live as white men? Are you willing to be ~~subjected~~ <sup>subjected</sup> to  
 laws, where to be tried and punished for any offence  
 you may commit? To be subjected to taxes—to work  
 upon roads, & attend on ministers; for all these you  
 must do. If under this state of things, it is believed  
 you can be contented & happy, then dwell upon the land  
 where you live. But if you are satisfied that under  
 such a condition of things you cannot be happy, consent  
 to remove beyond the Mississippi, where you will be among  
 for the white people, & from their laws; & be able  
 to live under your own. You are called upon to say  
 whether or not you will remain; for if this be your  
 determination, then let us be done with the subject  
 and disperse to our homes. On the other hand, if  
 you shall conclude to remove, so declare, that at  
 once we may proceed to some definite understanding  
 and arrange a treaty. This we are willing to do, & upon  
 terms that shall be liberal. We seek no advantages  
 we will take none! Your Great Father would not  
 approve such a course. He has sent us, not as traders  
 but as friends & brothers; & to act as such. We will this  
~~state~~ be <sup>opened</sup>. We come not to practice imposition

upon our chosen funds; but to extend to their justice  
~~at the same time~~

Brothers. Hesitate not! Determine what you mean to  
do. On this important question, record the  
votes of your head men, & let us know who amongst  
you are willing to remove, & who are opposed. The  
sense of the nation will thus be correctly ascertained;  
and the question which has so much agitated you <sup>will be</sup>  
finally put to rest. Say, it is your determination to <sup>remain</sup> ~~remain~~ ~~in~~  
and the subject is done with: we shall then trouble you  
with our talks no more. But decide to remove, & liberal  
provisions will be made, to carry you to a Country where  
you can be happy; & where already a portion of your  
fathers & brothers have gone, in peace to reside. It is  
a desirable region: double in extent to the one  
you occupy, & large & fertile enough for twice  
or three times the number of people you have. There  
your Great Father can be your friend - there he can  
keep the white man's laws from interrupting & disturbing  
you; & there too he will guard you against all  
enemies whether they be white or Red. There an  
State or Territory will be created, & he will have  
it in his power to protect you fully in your usages  
laws & customs. There he cannot do these things, because  
neither he nor Congress possess authority to prevent the  
States from extending their jurisdiction over you, & thro'-  
out their limits.

Brothers! In the Country to which you go west, the

The State will protect you from enemies  
Their object will be to preserve you at peace with  
yourself, & with all mankind - to perpetuate you as  
a nation, & to render you a happy, & a prosperous  
people. Now you cannot be so: It is idle to ~~dream~~  
such dreams. ~~These are~~ - dreams which are entirely  
deceptive, & from which nothing of pleasing reality  
can ever, ever come.

Every <sup>Every</sup> day's observation shows that matchedrops & darts will  
 let you, to remain where you are. The hard open'd feelings  
 of your Great Father, will be unsupportable to preserve you  
 from these inevitable results.

Brothers: A portion of your Nation sensible of these things,  
 and anxious by removing to get rid of them, sent  
 a treaty during last winter to their Great Father; but it  
 was such a one, as he could not agree to. He laid it  
 however before his great Council the Senate for considera-  
 -tion, & they too refused to ratify it. It asked more than  
 could be granted, & introduced principles which could  
 not be recognised. Your Great Father while he is willing  
 to be kind & <sup>ever liberal</sup> generous to the Choctaw Children, cannot  
 concede to them terms which would be considered ex-  
 orbitant. The Senate would not consent.

Brothers! In 1820 by a treaty made with you at  
 Doke's Stand by your present Great Father  
 an extensive & fine Country was given to you for the  
 use of y. people. It was a gift to you; for the County  
 you ceded to <sup>The</sup> U.S. was paid for fully. It was the understand-  
 -ing at the time, that the Choctaws would remove  
 & leave the ~~country~~ <sup>country</sup> ~~deserted~~. On that account  
~~the~~ a large & valuable & fertile County was  
 promised for your Nation & y. people. For you  
 have proposed by, & you are still here. The  
 County intended for you, yet remains wild &  
 unimproved.

Brothers! A further Country beyond Mississippi, & another  
 proposed here, is more than you should expect. If you will  
 not remove, other Indian Tribes may desire to do so; & where  
 they shall select to settle, a home must be furnished.  
 Others wanting it, the Country should not remain a desert.  
 You must decide which <sup>to</sup> ~~you will~~ take; & which you will live  
 upon; both Countries you cannot possess; it is unreasonable to  
 expect it. If you prefer to live ~~under~~ <sup>under</sup> our laws & customs,  
 remain & do so, & surrender the lands assigned to you west of the

superfluous; & otherwise remove to them. There your Great Father  
can protect you; & there undisturbed, & ~~undisturbed~~ by the  
whites you can enjoy yourselves & be happy, now, & for years to come.  
But assured you cannot be so, here. But if you think  
differently, then continue where you are. After the present  
time we shall no more offer to treat with you. You  
have seen commissioners in your country for the  
last time. Hereafter you will be left to yourselves & to  
the laws of the states within which you reside; &  
when weary of them, your nation must remove or it can,  
and at its own expense. Whatever you may determine  
upon, whether to remove or to remain, our earnest &  
sincere wishes are that you may be happy & contented.  
For you, we have the best feelings. Our compli-  
ments are different, <sup>but</sup> our hearts & our natures are the same!  
The Great Spirit above is our common Father. He has  
made us all, & we are all his. -

Your friends & your Brothers

Franklin 24 July 1830  
Friends & Brethren

He talks of the 3<sup>d</sup> June directed to me  
at Washington, has been for weeks, & has just reached  
me at this place. It is matter of surprise & some  
regret to find, that you are <sup>made a</sup> desirous to <sup>visit to</sup>  
the County, west of the Alps, before you are prepared  
to decide <sup>on the propriety of</sup> a removal. The experience of the  
past has abundantly shown, that you cannot reside  
profitably where you are. The laws of Alps ~~which~~  
~~stand~~, ~~substantially~~ go to a different government, than  
that to which you have been accustomed, & it which  
understand that you to the usages & customs & rules  
are already extended over you  
the which you will better conform, this you feel  
little cannot prevent; & repeatedly he has told you  
so. Are you prepared to submit to the state of  
things, & to become citizens, for such must be the case,  
if you are, <sup>so prepared,</sup> then is it unnecessary to say more, or <sup>state</sup> to  
you further on the subject these matters have  
been <sup>already</sup> described, long enough, & it is high time, they  
should be an end of the argument, & a decision  
whether you will remain where you are, surrounded  
by the whites & made subject to their laws, or

The Senate did not approve what you did. One reason  
was, <sup>that</sup> the terms proposed were too extravagant, but another  
and a strong one was, they did not desire any  
engagement to which the ~~United~~ nation was not  
with general approbation, asserting the same language is now declared to you  
~~presently~~ ~~that the same language is now declared to you~~

The words no dissatisfaction - no hindrances to ~~abide~~  
after a ~~brief~~ while to make. You said Father  
subscribed, that you feared, perhaps & happened, depend  
upon your removal; but he will take no course which  
shall not be entirely satisfactory to the red children.  
He does not much desire their removal, but he desires  
to take place under such circumstances, as shall  
amicably satisfy them, that justice & liberality

are the terms upon which their departure is asked  
if ~~scholarship~~ ~~them~~ to remove, who still under such circumstances & shall  
Boys & the Misses, be ~~able~~ ~~to~~ retain them

his children & funds; a result which he is persuaded is to  
be obtained only by suffering them to depart, after a  
full conviction that their removal has been regarded

& the ~~happened~~ as a people consulted  
But their sharp counsel be so fully reflected  
at a distance - Mr. Wiley your friend & agent, was  
so informed, & he was instructed to tell you, that  
with a view to a perfect understanding of every  
thing the President and the Senate of war, and the

[illegible]

Friends & Brothers - your great father will  
 not attempt to disguise - he will, <sup>in nothing,</sup> ~~decide~~ you  
~~on nothing~~. He will not now ~~change~~ ~~the~~  
<sup>former</sup> what in all his <sup>former</sup> intercourse with you, he never  
~~has~~ attempted. Truth & justice are his object, & they  
 are the great end marks, which ~~are~~ <sup>in</sup> his intention  
 with you he would everfully preserve & maintain.  
 In a spirit of frankness then, he <sup>assures you of</sup> ~~tells~~ what shall  
 you cannot but discover, what it is vain & idle for  
 you to expect, ~~to dwell~~ <sup>in peace</sup> ~~peace~~ where you are affected  
 & severe trials must & will be yours. Surrounded by the  
 whites on all sides - made subject to their laws, &  
 customs as you are, it is not to be expected  
 that you can dwell under them with any thing of security  
 as you wish to yourselves - It our reflection & reason cannot fail to  
 teach you the certainty of these expectations. Now you shall  
 conclude

act in ~~the~~ <sup>the</sup> ~~interest~~ <sup>interest</sup> to decide. We shall do <sup>no</sup> more than  
to persuade, ~~not~~, ~~and~~ <sup>and</sup> you, to what of intent requires.

It just regards to your happiness, depends on  
you to pursue the ~~course~~ <sup>course</sup> that has been suggested. Why  
then defer it? why not at once arrive at the conclusion  
which reason & experience prove, is the only one to  
which you can arrive. It cannot be accounted for  
on any other principle, than that you are deceived  
& imposed upon by designing men, who would persuade  
you to error, and to a course which cannot fail  
ultimately to involve your nation in ruin. I ~~would~~  
urge, to be upon your guard against these intruding  
& obnoxious advisers, who disregarding your true interest  
would advise you to a course, of which, in the  
end, you ~~would~~ <sup>would</sup> have cause for deep & lasting repentance.  
I urge you to beware of <sup>such</sup> ~~the~~ evil counsellors, ~~who~~ <sup>who</sup> share any  
other object before them, than your <sup>welfare</sup> ~~wellfare~~. On the other hand, what  
<sup>advice to you</sup> ~~advice~~ <sup>can</sup> ~~have~~ <sup>influence</sup> ~~influence~~ with the President. In past times, you  
have known him to be your friend, & he will not now be diffident  
for what he has been. ~~While~~ <sup>While</sup> is Chief magistrate of the Country,  
he will on all occasions consult the happiness & prosperity  
of the whites, ~~to~~ <sup>I take occasion to assure you, that he will never do so</sup>  
children - no such course <sup>will</sup> be demanded of him by the people  
of the Country.  
~~George~~ <sup>George</sup> Sturges. Mr. great truth is here, not distant from  
you, where it was understood you would gladly meet him, to  
bear for a special removal to a house, which prompts to you

you can propose when you are  
greater happiness than ~~at all~~ ~~with~~ ~~it~~ ~~only~~  
~~which~~ will be yours, not on the principle of mass occu-  
ancy, but one which ~~you~~ <sup>you</sup> ~~will~~ <sup>will</sup> ~~be~~ <sup>be</sup> ~~to~~ <sup>to</sup> ~~do~~ <sup>do</sup>  
freely, as for white children <sup>profects</sup> ~~then~~ ~~but~~ - a ~~only~~

of ~~aid~~ - where he can & will protect you for all  
interceptors. Such an opportunity of furthering your  
interest may ~~no more~~ <sup>no more</sup> ~~again~~ <sup>again</sup> occur. Your next father  
& his, Secretary of war are here, to hold council with  
you, to extend to you terms liberal as can be ascertained.  
Hereafter there may not be the case! He may be constrained  
to send his commissioners to see you, & then the ~~agreements~~  
~~presented~~ <sup>presented</sup> ~~may~~ <sup>may</sup> ~~be~~ <sup>be</sup> ~~imposed~~ <sup>imposed</sup>. ~~It~~ <sup>It</sup> ~~is~~ <sup>is</sup> ~~in~~ <sup>in</sup> ~~his~~ <sup>his</sup>

until your crop can be made. He may not have it as  
his power hereafter to do this, <sup>inasmuch as</sup> Congress may change  
that policy which they have adopted  
~~that~~ ~~policy~~ ~~which~~ ~~they~~ ~~have~~ ~~adopted~~, & thereby place it out of  
his <sup>reach</sup> ~~power~~ <sup>to</sup> ~~do~~, what at present it is <sup>in</sup> ~~his~~ <sup>power</sup> ~~to~~ ~~effect~~.

Under these considerations your great Father  
has instructed me to send his funds, & your Father to,  
Mr. J. M. Donnelly, to converse freely with you, & to tell  
you in detail some of the things I have tried to write  
to his Sonnet, for he comes for your great Father &  
will not deceive you. He comes to tell you the  
truth to point you to your true condition, & to  
warn you, of what experience <sup>in the</sup> ~~the~~ will convince  
you, that to remain where you are, happy, & proud  
as a nation, is what is terrible & reflecting more  
than death to, a hope for the now as the truth of  
your great Father - the ~~Indians~~ <sup>Indians</sup> - Six nations, & other, who  
are, are numerous & powerful. Easy to learn the ~~truth~~ <sup>truth</sup>,  
show to acquire a knowledge of the virtues & morals of these  
white nations, why have gradually ~~fallen~~ <sup>degraded</sup>, and why  
are they

your, & reflection & observation should convince you of the  
correctness of the operation. No escape, is in your power, till after  
of removal for a time, & ~~of~~ just reflections which  
are now  
~~before~~ within reach of your Father, no more to return

These things have repeatedly been brought  
to your consideration. A long time ago, your great Father,  
who at this time presides over the affairs of the Country,  
told you truly what your condition would be, - what, the

act in ~~the~~ <sup>your</sup> ~~interest~~ to decide. No, shall do more than  
to persuade, ~~not~~, ~~as~~ <sup>and</sup> you, to what of intent requires.

It just regards to your happiness demands of  
you to pursue the ~~same~~ <sup>course</sup> that has been suggested. Why  
then defer it? Why not at once arrive at the conclusion  
which reason & experience prove, is the only sure one to  
which you can arrive. It cannot be accounted for  
on any other principle, than that you are deceived  
& imposed upon by designing men, who would persuade  
you to error, and to a course which cannot fail  
ultimately to involve you rather in ruin. I ~~would~~  
just to be upon your guard against those intruding  
& obnoxious advisers, who disregarding your true interest  
would advise you to a course, of which ~~in the~~

Dear Genl

We are encamped on this River about  
15 miles from its mouth and Col Gainer  
with his party joined us on yesterday and all  
is well and in good spirits and desire to  
proceed thoroughly. we have as yet travelled slow-  
ly and have examined the country minutely  
taking care to purchase the best land avail-  
able seems to be on his guard but as far  
as I have been able to observe the party is  
pleased with the country the land is mostly  
fine upon the prairie covered with the appearance  
of timber we shall have time to examine  
and proceed up the Canadian about 100 miles  
or to the top of timber where we shall have  
access to the Horse Lake land and then exa-  
mine the red river and its waters I  
think we can return to Cumberland

at the season next that Red River

was not of the party & was at greater loss  
how to proceed but as the greater portion  
of the expense had been incurred and we had  
been in the country some time I determined  
to proceed and set about collecting all the  
information within our reach and as far  
as possible to have the chief men through  
the most interesting parts of it that they might  
see that there was a good and sufficient  
reason for the short land of which  
I cannot have a doubt but how it is to

The letter of the Chiefs, Captains, and warriors of the Creek Eastern, & Southern District, of the Choctaw Nation of Indians in full council assembled, has been presented to me by your trusty friend Major Dyer. I have listened to your complaint - feel for your ~~distress~~, & will immediately appoint trusty and faithful friends to you & me, to see, & to confer with you. If possible the Secretary of War, will come, to explain fully every thing for me, as if I myself was present. I am able & trust friends Gen. D. Coffee, & his Excellency Gen. W. Carroll, in whom I have every confidence, will be present with you as Commissioners to speak my sentiments, & advise you to your true interests. Confide in them. They are charged to act justly towards you, & see, that no wrong is practiced. They will be instructed to meet you in the nation and make a treaty with you in Council, that those of the Choctaws who have a desire to remove, may have the means afforded to them of doing so. They may then settle upon lands, given to them by Govt, which shall be theirs, & their childrens forever

I have received your talk. being an

It has been laid before me by the <sup>common</sup> members  
I ~~had~~ <sup>have</sup> decided to treat with you. It is such, and

your great father does not desire  
to place you in a country, where you  
will not find soil and climate equal  
to the one you ~~have~~. He will never consent  
to place you where you would be in a  
worse ~~condition~~ situation. his great  
desire is to make your condition better,  
not worse.

Brothers. Bad men have said, and they  
have told his red children, that it was  
the intention of their great father to  
drive

drive them from their lands. To compel  
them to seek a new home, and in the  
wilderness, to leave them to suffer.  
Believe not these idle tales. Your father  
has the frost of many winters upon his  
head. From early <sup>youth</sup> he has lived near to the  
red children. He has slept with them.  
Heated with them. and fought with them.  
Towards them, he has always entertained  
feelings of strong regard, and will not fail  
to be their friend, if they shall permit it,  
and repose confidence in him; He will  
<sup>have sought</sup> ~~look~~ for them a good home, & one large  
enough for all their purposes. He wants  
no land west of the Arkansas Territory for  
his white children, they will have enough  
without it. all that ~~the~~ region of country  
west of it, he desires his red children to  
live upon, & he hopes each tribe to have  
enough for all reasonable purposes, to be

(REL TO FLOATING SECTION RESERVED TO HIM BY TREATY)

Tchekish, C. N.

General

23<sup>d</sup> Nov. 1831

Coffee & Cator

In the Treaty with the Choctaw Indians you will, no doubt, recollect that a reservation of a section of land under the title of a floating claim, was granted to me as a native of that tribe. Shortly after the ratification of that Treaty application was made to me by two men, professedly my friends, to dispose of my claim. Being ignorant of the real value of lands and having no one to advise with me I sold it on the following terms, viz for \$1500 dollars, \$200 of which was paid down, and for the remainder I am to give a credit of one, two and ~~three~~ three years. I have since learned that the above sum is not more than one half the value of my claim, and in the contract I am defrauded out of at least \$1500 dollars. The object of this letter is to beg of you, as the friend of justice and of the helpless, to interpose in my behalf and prevent the effects of the imposition thus made

tion upon me. I hope you will write  
to the President, and use your influence  
with him to rescind the contract, or  
to refuse to sanction a deed by which  
I am like to be defrauded out of my  
just rights.

Your compliance with the above  
request will confer a special favor  
on your friend and humble petitioner.

To Col

Indian Agent.

Department of War,  
Office Indian Affairs, May 21, 1831.

Sir: Your letter of the 3<sup>d</sup> instant is received. Enclosed is a copy of the Choctaw treaty, which, you will observe, is ratified entirely, and precisely as it was concluded with the Choctaws, with the exception of the preamble. The exception of the preamble is a matter of no consequence to the Indians, as it does not affect, in any way, any article or stipulation of the treaty; all of which will, in due time, be fulfilled in good faith.

You will be careful in keeping a register of the reservations taken under the 14<sup>th</sup> article of the treaty; a fair copy of which to be made, duly certified, and transmitted for the information of the department.

Your attention is also called to the 5<sup>th</sup> and 6<sup>th</sup> division, or stipulation, of the 19<sup>th</sup> article. You will keep a register of the claims to be filed under these stipulations; also, noting therein everything necessary to a proper understanding of the claims, that justice may be done to all intended to be provided for by the treaty.

Certified copies of these registers will be transmitted for the information of the Department, as early as practicable after the duty is performed.

You are requested to be very particular in attending to these matters, as great reliance is placed on you for correct information in regard to them.

You are also expected to attend to any and every thing else that, as Agent, it is required of you by the treaty to do towards its execution. As respects the payment of the annuity of the Choctaws for this year, the Secretary of War directs me to inform you that, as the Choctaws are about to move west, a compliance on your part with the instructions of the Second Comptroller on this subject will not be required. You are therefore at liberty to pay the annuity to the chiefs, and take their receipts for the same, as you have heretofore done.

I am, respectfully, &c. &c.

Choctaw Agency, Mi.

War Department,  
Office Indian Affairs, May 27, 1831.

Sir: Your letter of the 9<sup>th</sup> inst. is received. The money has been remitted, as you have been advised, to pay the annuity; you have also been advised that you are at liberty to pay the annuity as you have hitherto done. You have only to forward the receipt of the chiefs as your voucher for the payment of the annuity to them. The department can, of course, have no objections to the chiefs laying out the money for the annuity in goods, or in any other way they may deem proper, for the advantage of the people of the nation. But it is considered advisable for the agent, (as you will know, from your experience on a former occasion,) not to have any thing to do with the purchase of <sup>the</sup> goods. If the chiefs purchase the goods, and give an order on you for the annuity, before you make the payment, it would be proper that the order should be receipted by those in whose favor it may be drawn, and also be accompanied by the receipt of the chiefs to you for the money, and a written acknowledgement from

them that they had received the goods for  
their annuity, and are well satisfied with  
them.

After you have paid over the money,  
and taken the vouchers required, you have per-  
formed your duty. The expense attending the  
purchase of the goods must of course be  
paid by the nation. Claims for reservations  
must be governed entirely by the treaty pro-  
vision on that subject. A copy of the treaty  
has been enclosed to you, but, lest that  
should be lost or mislaid, another is herewith  
sent.

Copies have also been sent to each of the  
chiefs, for the information of themselves  
and their people.

I am, respectfully,

Your obedient servant,

Samuel S. Hamilton

To Colonel William Ward,

Col. William Ward  
Indian Agent.

War Department, December 29, 1831.

Sir: To guard against speculation, and impositions upon the Indians, as well as the Government, you will not issue any certificates of valuation or other evidence of claim for reservations, which have been filed with you, and are to be paid for by the United States, under the provisions of the late treaty; but will forward the official book or register kept by you, of all such claims, with the proofs submitted to you, in conformity to the treaty, in support of them, to the department, for its information and further directions thereon.

To enable the department to decide who are entitled to reservations under the treaty, as "orphan children," you are also required to report, at the same time, the ages of all orphans, in whose behalf claims to reservations may have been filed with you, agreeably to the provisions of the treaty.

Very respectfully,

Lewis Cass.

"Division 3" No. 67-8-9-70-1

To Major F. W. ~~Wheeler~~ Wheeler.

War Department. April 26, 1831.

Sir: By the provisions of the 9<sup>th</sup> article of a treaty concluded with the Choctaw Indians, reservations are stipulated for to the amount of 408,000 acres. The right to claim these is made to depend on the number of acres which each individual of the several enumerated classes actually "had in cultivation, with a dwelling house thereon," during the year 1830.

To give certainty and effect to this article, and to avoid everything of fraud and imposition, it becomes necessary that the ceded country be thoroughly examined, and the quantity of land cultivated by each Indian, during the past year, having a dwelling house thereon, be ascertained. By the terms of the article, you will perceive that the first class of persons provided for are such as have cultivated fifty acres or more, and varying downwards, to such as cultivated in 1830, from two to twelve acres. A reference to the treaty will more fully explain the objects which will require your attention.

Actual surveys to ascertain the quantity of land

will not be necessary. The mere stepping  
on a field, and often the eye alone, will be  
enough to determine the quantity with sufficient  
accuracy. What shall be understood by "cultivation"  
is not that the party should have planted a crop,  
and worked it regularly; the term may include  
grass-lands, as well as fields which have been used  
for the growing of products of different kinds.  
But waste grounds, although cleared and under  
fencing, will not be understood as coming un-  
der the term "cultivation." In the first place,  
the land must contain a dwelling-house,  
meaning a house or cabin in which persons have  
actually resided, with lands cleared and attended  
to during the year, under such circumstances  
as to show that they have been used for the pur-  
pose of agricultural benefit of some kind.

As the reservations are to be surveyed so as to  
include the dwelling-house, you are to be partic-  
ular in your examinations that the house was  
built previous to the date of the treaty. In your  
report, therefore, you will endeavor to specify,  
nearly as may be, the precise locality of each farm  
examined, that settlements and removals after  
the treaty was concluded may not be passed off  
upon the Government, and reservations obtained  
at other places and on better lands.

A register of farms examined, and the acres

in cultivation, their situation and probable worth, with such distinguishing places to understand their locality, as you can be informed of, you are requested to state for the information of the department. The names of the Indians owning or claiming the several places secured under the 19<sup>th</sup> article, with the number of each family over and under, say two years and six-  
teen years, are desired. Far as practicable, the department desires to be informed of the strength of the nation, the better to know the preparation proper to be made for their removal, and the quantity of rifles necessary to be produced.

As it is important to the interest of the Government, and to the just demands of the Indians, that the service here assigned you should be done with as little delay as possible, two assistants will be assigned to aid you in performance of the duty, to whom a compensation of 700 each will be given. Your own will be 1,000. You and they will be paid on the receipt of certificate from you that the service has been fully executed.

Enclosed are three copies of the treaty. Such information, connected with any part of it, as you may be able to obtain during your stay, will be acceptably received by the department, to be communicated in your report.

Five hundred dollars are assigned for the purpose of partial expenditures that may arise, and for engaging persons to act as pilots in traversing the country. In the selection, it will be advisable to procure Indians, of whom there are many <sup>who</sup> speak both languages. They are a jealous people, and may have some fears when asked about the numbers of their people, that the object is to tax them. To avoid this, you will explain to them that the only design of your visit and inquiry is, to enable the Government to lay off their reservations, to know the quantity of materials, game, &c., necessary to be procured for them; and to obtain a sufficiency of provisions, to be adequate to all their wants; and that their objects can be attained with certainty, in no other way than after the one pursued. Impress upon them the necessity of being ready, one third or one half of them, to remove by the 15<sup>th</sup> or 20<sup>th</sup> of September, that they may reach their homes before the cold weather sets in.

Until informed as to the probable number that will remove in the fall, the necessary preparations cannot be made. The number of wagons that will be wanted cannot be known; nor can it be ascertained what quantity of provisions will be necessary. It is wished,

therefore, that you will strongly impress on the agent and the principal men of the nation, the propriety of advising the department on this subject as early as possible, and do as yourself, in order that every arrangement may be made. All should not depart in one season. A few going over to raise their crops would make the others, on their arrival, more comfortable through the facilities with which provisions could be obtained.

From time to time, you will keep the Secretary of War advised of your movements, and of such information, connected with the general provisions of the treaty, as you may consider advisable to be known. Punctuality and dispatch, and a full and final report before the meeting of Congress, will be expected.

Very respectfully,

John H. Eaton.

Secretary of War

Sir

I have the honor of reporting to you, that I have finished the work assigned me in the Choctaw Nation, agreeably to instructions from the war department of April last, and with this report return the books complete exhibiting the Census, of that tribe, with alphabets showing the different reservations, of Land granted to each individual, claiming under the treaty. The name, the number of acres, the Company & district to which they belong, and under what part or article of the treaty the claim is granted, all of which has been done with as much accuracy as was practicable under the circumstances and in a way calculated to facilitate & aid the department in carrying in to effect the Choctaw treaty.

Before leaving the agency I made abt copies from the books now returned, of all the claims to which the Indians are intitled, and left with

the agent one copy for the purpose of relinquishments; with an understanding, that relinquishments could be made until the first day of January. The list left ~~was~~ of a form that barely required the name of <sup>persons</sup> relinquishing to be signed opposite his Claims. I also left with each of the three principal Chiefs one copy, to enable them to relinquish understandingly, and with the consent of the President <sup>may</sup> ~~might~~ be made in a way to prevent any difficulty hereafter.

¶ The Article of the treaty providing for Relinquishments reads thus: "

¶ The several reservations secured under this article may be sold with the consent of the President of the U. States will on his removing pay fifty cents, an acre after reaching their new homes. <sup>pro-</sup>vided that before the first day of January next they shall adduce to the agent, or some other authorized persons of proof of their claim and the Quantity of it-

Department of War, June 26, 1833.

George W. Martin, Esq.

(Care of General Coffee.)

Florence, Alabama

Sir: You are hereby appointed to make the selections of the locations of the tracts of land granted to the Choctaws by the 14<sup>th</sup>, 16<sup>th</sup>, and 19<sup>th</sup> articles of the treaty of September 27, 1830, concluded at Dancing Rabbit creek. Your compensation will be five dollars per day, to include services and expenses, while engaged, in this duty. And you are authorized to employ an interpreter, if one attached to the agency cannot be detailed to attend you, and to allow him two dollars and a half per day, in full for his expenses and services. These claims will be paid upon accounts, certified by both yourself and the interpreter. The Department is informed that plats of the surveys of one hundred and twelve townships have been received at the General Land Office, and that the exterior lines of one hundred and seventy-six townships have been run, the surveying of a majority of which is in progress. Copies of the

66  
plate received here will be forwarded for you from the Land Office to the care of General Coffee. You will please to appraise the Department of your address, that copies of the other plate may be sent to you direct. Upon application to Colonel Ward, or William Armstrong, Esq. at the old agency, you will be furnished with copies of registers of the different classes of reserves in the three districts, and may obtain all the information you will require in the fulfillment of this duty. These registers are supposed to be complete, and you will be governed by them in the location and assignment of reservations in all cases, unless otherwise directed by this Department. The general provisions of the treaty are, that the reservations shall be bounded by sectional or quarter sectional lines of survey, and include the improvements of the reserves. An exception to this rule occurs in the 16<sup>th</sup> article, and in the first clause of the 19<sup>th</sup>, by which two of the four sections granted to the Chin chips and to Colonel Folsom, are to be located, "on unoccupied, unimproved lands." You will consult the wishes of those persons in locating these sections, taking care not to interfere with the possessory rights of any other Indians. The half sections and quarter sections allowed to heads

of families, in the 14<sup>th</sup> article, for their children will adjoin the location of the parents. The number of reserves provided for in the 3<sup>rd</sup> and 4<sup>th</sup> clauses of the 19<sup>th</sup> article, is limited, and the extent of their respective reservations is proportioned to the number of acres in cultivation. You will learn from the register the names of the persons entitled to lands under the several classes. In locating the three quarter sections granted to those who shall have cultivated thirty acres or more, you will observe that the treaty provides they shall be "contiguous and adjoining." The reservations allowed under these two clauses are also to be located, as to include that part of the improvement which contains the dwelling house. If the contingency should happen contemplated in the latter part of the fourth clause, that the number of reserves should exceed the number stipulated for, you will call upon one or more of the chiefs of the district to which they belong, to decide who shall be excluded. In instance, one half section is granted to the cultivators of from twenty to thirty acres, the number not to exceed four hundred. If there should be four hundred and fifty claimants, the chiefs are to decide upon the fifty whose

14

claims must be rejected. The 8<sup>th</sup> clause provides for the assignment to the captains whose cultivated possessions may entitle them, under the previous clause, to less than a section, of an additional half section. This half section must adjoin the tract which includes their improvements and dwelling house. The registers also will show you the names and numbers of the orphans entitled to reservations. If any of the Choctaws have no improvements, or if the location of a tract would include the improvements of more than one of them, in that case you must exercise a sound discretion respecting the person to whom such tract shall be assigned. It is desirable that the parties interested should decide for themselves; or agree to submit to the determination of their chief; but if they will not do either, perhaps the best method will be to draw lots in their presence. It is also desirable that the reserves of each district should be located together, and as near to each other as the preservation to each of them of his improvements will permit. You will establish such permanent marks upon each reservation, as will show its extent and boundaries. You will also open a new

69  
register, and enter upon it the names of  
the reserves, and the number of the sections,  
half sections, or quarter sections, as marked  
on the plate of survey assigned to them re-  
spectively; the originals of this register you  
will leave with the sub-agent, William  
Armstrong, Esq.; a copy you will forward  
to this Department. The Department relies  
upon your zeal and exertions to execute  
every part of your duty under these instruc-  
tions, in a manner accordant with the  
obligations of the Government, and satis-  
factory to the Indians.

Enclose a copy of the treaty.

Your obedient servant,

John Rott.

Department of War September 3 1833.

1. To Col. George W. Martin, Esq.

(home?)

near Tuscaloosa, Washington County, Mississippi.

Dear Sir: I have received your letter of the 9<sup>th</sup> ult., suggesting for consideration and decision several questions connected with the execution of your duty in locating the reservations granted by the Choctaw treaty. I have submitted the matter to the President, and his views I now communicate to you.

1<sup>st</sup> When there is more than one occupant upon an improvement within the same legal subdivisions, the rule of preference suggested by you seems to be a just one. Let the person whose improvement is the oldest, if that fact can be ascertained, receive the tract, and let the reservations of the others be located as near as may be upon such of the adjacent land as may be fit for cultivation. But if the fact of the priority of settlement cannot be satisfactorily ascertained, then let lots be drawn in the tract containing the improvement, and let the location of the others be fixed as already directed.

2<sup>d</sup> In locating the reservations of children which

are to begin the tracts of their parents, it is not necessary that the reservations of a parent and child should adjoin each other along the whole extent of one of their lines. It is sufficient that they actually adjoin, each other whether upon the corners or the sides.

¶ 3<sup>d</sup> When a dwelling house, with a portion of the improvement, is in one legal subdivision, and the residue of the improvement in another, the tract containing the dwelling house must be located for the claimant. This case is expressly provided for in the treaty, and it is impossible for the President to give any other directions.

¶ 4<sup>th</sup> Whether the tract upon which the dwelling house is situated be valuable or not, there is no room to accede to the occupant any other land. The treaty itself has laid down the rule, and there can be no departure from it.

¶ It is to be regretted that Col. Sibley or any other Choctaw has taken up impressions that it is consistent for the Executive so essentially to vary the stipulations of the treaty as would be necessary to make the changes in the third and fourth questions you have proposed. The language of the treaty is plain and explicit, and nothing is left for the Executive but to carry it into effect. While the President is determined

Fuller  
9.6

faithfully to extend to the Indians all the advantages it promises them, he is determined also to adhere to the arrangement which both parties, with a full knowledge of the subject, have made.

Q 5<sup>th</sup> All streams which, by the return of the surveyors make fractional sections and subdivisions, will be considered as making fractions in all cases of Indian locations. When the stream is not of such size as to make fractions for the purpose of sale, it will not make them in the case of Indian location.

Q 6<sup>th</sup> You inquire what is to be done in those cases where the reserves have left the country? I answer, let the locations be made in all cases squarely to the terms of the treaty, and to the return made by Major Armstrong, and now in your possession, of the persons entitled to tracts of land.

Q 7<sup>th</sup> Now persons who decline accepting the land, and claim the other benefits secured by this treaty, will have the right of doing so when application is made to them. Some evidence of their relinquishment is necessary, and when the location is made, the proper agent will be directed to ascertain the determination of such, and to provide for them the land or its equivalent.

Q 8<sup>th</sup> The business of locating the reserves for the

13  
Orphan has been committed to Mr. Graham,  
and it is therefore unnecessary to give you any  
instructions respecting it.

¶ By inserting upon each subdivision in  
the several township maps the name of the  
person to whom it is assigned, and by re-  
turning duplicate lists, one to the surveyor  
general, and one to this department, showing  
the names of each person and by describing  
the tract by its proper number in its town-  
ship, range and section, I think the several  
reservations will be sufficiently identified.

¶ 8<sup>th</sup> When a reservation is to include three-  
quarter sections, it is the opinion of the Pres-  
ident that these three quarters must lie in  
the same section.

¶ 9<sup>th</sup> We see no objection to the suggestion you  
make respecting the mode of locating claims  
not fixed by the treaty, when the persons  
entitled have the right of selection, and  
when more than one apply for the same  
tract. Let the claim be determined by lot.

I believe, however, that there are very few of  
these cases. In general, when the location is  
not fixed, it does not depend upon the  
choice of the claimant, but upon your dis-  
cretion.

¶ I am aware the subject committed to

Hon James Cass

Secretary of War

Wash.

I have the honor, in addition to the list of claims transmitted on the 24<sup>th</sup> instant to the War Department herewith to forward the following testimony in support of a number of Indian claimants therein embraced.

These Indians claim to be entitled to lands under the 14<sup>th</sup> article of the treaty, having, as they allege, fully complied, on their part, with all its requisitions: notwithstanding, their names do not appear on the agents books. The 7<sup>th</sup> article provides that each Choctaw head of a family, being desirous to remain and become a citizen, shall be permitted to do so, by signifying his intention to the agent within six months from the ratification of the treaty, and thereupon shall be entitled to receive certain allowances of land, in manner as set forth in the treaty.

These claimants allege that they did so signify their intentions, as required by the treaty; and say, if their names do not appear on the agents book, it is no fault of theirs, and consequently they ought not to be deprived of their just rights by the neglect or default of the agent, or any body else, on whom

they had no control. This being the nature of the claims set up by them, I have in each case presented, inquired, first, is this a case coming under the 14<sup>th</sup> article? and next, 'is there (in the language of the President's letter) probable evidence of credible witnesses, of their rights under the provisions of said article; and that their failure to obtain such reservations has been caused by the mistakes or neglect of the agent appointed to make a list of reserves?'

¶ Whenever it has been satisfactorily proven to me by indisputable testimony, that the claims under the 14<sup>th</sup> article and that the failure to have their names registered was not their fault, but arose from the neglect or mistakes of the agent, or other cause not embraced in the treaty, I have located their lands, and directed the register to withhold them from sale, conditionally. The letter of the President directs, 'that, in all cases, the locating agent will make special reports of the names of the witnesses, and of the facts and circumstances submitted, to the War Department. In obedience to these instructions, I have caused all the testimony offered to be taken in writing, under oath, and in due form of law. A list of the names of the witnesses is annexed to this report, and copies of the depositions themselves are herewith transmitted, the originals being retained for the use of this office. The instructions require that I should report the facts and circumstances con-

mitted to me. By a reference to the papers, it will be seen that the depositions establishing the following facts, viz: ¶ 1<sup>st</sup> That within the time limited by the treaty for registration, on one occasion a number of the Indians then living on Cuckenatchie, and some of them living yet on the same, did actually go forward to the agent, then at the Old Factory for this and other purposes, and did not only give their names for registration, but their names were duly and formally entered down in a book opened for that purpose; nevertheless a few, if any, of the names then and that place taken down, are now to be found in the agent's book in my possession. The conclusion is inevitable, that the small book or sheet of paper on which their names were entered, has been either lost by the agent, or destroyed by those who might possibly wish the Indians to emigrate. It appears that a portion of these Indians have since gone away, while others remain on their lands, and now contend for their claims.

¶ 2<sup>d</sup> That there are instances when individuals went forward and had their names entered down in the book, and yet they were afterwards erased or blotted out by possibly those who had free access to the agent's books.

¶ 3<sup>d</sup> It further appears, from the testimony of several witnesses of unquestionable character, that in the month of June 1831, a number of Indians attended at the council-house, for the pur-

free of entering their names to become citizens and take lands. Being ignorant of the English language, they appointed one or two headmen, or leaders to go forward for them, and give in their names accordingly. As is customary among the Indians, they collected a parcel of small sticks, designating the number of them that wished to register. With these sticks in their hands, the spokesman went up to the agent and gave them in; at the same time informing the agent, through the interpreter, that their sticks showed the number they came forward to give in, and that they would give the name of each head of families, the number and ages of their children. It appears further, that the agent took the sticks in his hand and threw them away, and directed the interpreter to tell the Indians that there were too many of them, and that they ought, or must, move over the Mississippi.

Being thus refused or turned off, it appears that many of ~~these~~ <sup>these</sup> Indians abandoned their claims, and have gone west, while some of them yet remain, and now assert their claims under the foregoing signification of their intention to remain.

I have, &c.

Geo. W. Martin, S. Agent.

State of Mississippi  
Lowndes County.

Grant Sinecum, being called on to state what he knows touching an application made to William Ward, late U.S. Agent, by certain Choctaw Indians, to have their names registered according to the 14<sup>th</sup> Article of the Treaty of Dancing Rabbit Creek, deposes, and says as follows: - to wit: That he was present at the assemblage of Indians, called at the Council House near the Agency in June 1831, for the purpose of distributing the annuity, & of affording to all such Indians, as did not wish to emigrate, an opportunity of registering their names to become citizens, & hold lands, as provided for under the 14<sup>th</sup> Article of the Treaty. - He states that when the business of the day was opened, the Agent directed the Interpreter, Middleton Officer, to tell the Indians that all who did not wish to emigrate had a right by the Treaty to stay, & hold lands, & that he was then ready to receive their names, & register them in his books; - all of which the Interpreter did make known to the Indians. This deponent further states, - that after the business of the day had considerably advanced, & while he was standing near the Agent's table, noticing what was going on, he saw a parcel of Indians come up, with an Indian chief called the Red Post Oak as their spokesman, & one or two others as sort of Leaders; - One of them had.

3  
a bundle of sticks in his hand, which he gave to the Agent, & told the Interpreter to inform the Agent, that these sticks represented a number of Indians who were unwilling to go away, & who wish to remain, become Citizens & hold their lands: and that they would give in the name of each head of a family the number, & sizes of their children. The Interpreter explained all this to the Agent, & then the Agent took up the sticks, and threw them away, & said there were too many of them, and told the Interpreter to tell them that they must move West of the Mississippi.

Question. Did the Interpreter tell the Indians what the Agent said?

Answer. Yes, he did, and it gave great dissatisfaction to them, some of them talked a good deal about it, & said it was not what the Treaty promised them; & they said they would never move away, that the Treaty promised them that they might stay here, & live on their lands if they did not wish to move away; some of them said they would die before they would go, & others said they would go home & live on their lands for they had confidence that the Government would not drive them off. There were some white men present, who advised the Indians to go home, & stay on their lands, & told them that the Government would treat them honestly.

Question. & Do you understand the Choctaw language?

Answer. & Yes. I understand, & speak it very well. - I have lived  
in constant intercourse with the Choctaws for the past twenty odd  
years.

Question. & Is it a common method for the Choctaws, to give  
in, & enumerate by stick, in the manner you mentioned?

Ans. & Yes, they always use sticks, or corn, or something of the  
sort, to count by, - most commonly small sticks. -

Quis. - What became of those Indians after they were repulsed,  
in the manner you stated, by the Agent?

Ans. - They all went to their homes; after a time, some of them  
became discouraged, thinking they would get no lands, &  
concluded to move off to Arkansas. But others of them  
still stick to their homes, & say they never will move, but  
will die first. - The last time the Emigrating Agent was  
collecting a company to go. - one of the sub-agents went amo-  
-ng the Indians to get them to go. - Finding that persuasion  
would not do, he used all kinds of threats, & told them that  
if they did not go. - the soldiers would soon come with their  
muskets, & bayonets, & drive them off. - About that time I  
passed through one of their little settlements, - and found that  
in some places the women, & children had left their houses, &  
fled into the woods, & swamps, to keep out of the way of the  
soldiers. - they were told that the soldiers were coming with guns,

bayonets to drive them off. — I told them it was all false & quieted their fears, as well as I could, & they returned to their houses. They have since lived on their lands, except in some cases where white settlers would drive them off & take possession of their houses, & lands. — & those who occupied good land have generally met with this fate. — The coming on of the land sales has alarmed them, — as they are told by the whites, that their land will now be sold. — This has made them employ Council, & apply to the Government for relief, & aid.

Question. — Have any of these Indians to your knowledge ever secured any reservations, such as field or Cultivation Claims for their improvements?

Answer. — No. — I have frequently been among them, & I am very certain that not one of those now applying to Congress ever received any reservations, or other benefits of the Act. — all they wanted was their lands, & homes, & they say they wish to become Citizens, & live under the white-men's laws.

Question. — You say that the Agent in the morning when the business opened, gave notice that all who wished might come forward, & register, — and then after a time, he refused to register the names offered. — how do you account for this conduct?

Answer. — All who know the Agent's habits can very easily account for it. — In the morning he was sober, & in the evening he was drunk.

Ques. — Was the Agent in the habit of intemperance?

Ans. — Hundreds besides myself can answer that question in the affirmative.

And further this deponent dares not

Question. Do you recollect of seeing Saml. McKee in May or June of the year 1831, at the Agency give in his name, & did you see the Agent register it? 121

Answer. Yes, I think it was in May 1831. I was with McKee at the Agency. & saw him give in his name, & saw Colo Waid. Enter it down, but I understood that his name was not afterwards, to be found, & McKee's land was sold from him at the sale; it was first quality land. — He has never yet got any land.

And further this deponent says he not.

Hapi. S. K. t. a. n. e, or "The Little Leader"

being summoned to state what he knows respecting the registration of the names of certain Choctaw living on Look. a. n. e. c. e to become Citizens, & hold their lands as provided for in the 14<sup>th</sup> Article of the Treaty of Dancing Rabbit Creek, deposes, & says, &c. as follows:—

~~to wit:~~ That within six months from the ratification of the Treaty he went with certain Choctaw Indians living on the waters of Look. a. n. e. c. e. to the old factory, where the Agent, Col. Ward was to attend, to distribute the annuity, & to receive & register names of such as were unwilling to emigrate, but wished to stay, & become citizens, & hold their lands. — He says that he sat near Col. Ward, & assisted to give in the names, & number of children, as the Indians came up one at a time; — that when the Agent got through with one, he would go away, & another would come up; — that he, (the Agent,) wrote all their names down on paper, as also the number, & ages of their children. — He further states that before they got thro' registering all the names, the Agent got up from his seat, & said they must stop & go to distributing the annuity, otherwise it would be too late; & that those present who wished to register must come up to the Agency. — He then put up the paper on which he had wrote the names, & stuck it in his pocket, & went off to drinking, & distributing the annuity.

Question. — Was the Agent intoxicated during that day?

Answer. — He acted very much like a drunken man.

Question. — What became of those, whose names were not then taken down?

Answer. — They afterwards went up to the Agency, & were recorded, & these are the only ones whose names can now be found on the book. — the names of all the rest, (those taken at the

old Factory) have been lost, or destroyed.  
Question... Did these people give in their names with the intention of staying here, becoming citizens, & living on their lands?

Answer... Yes, most certainly they did, - From the first establishment of the Treaty, they declared that they never would go over the Mississippi, but would stay here, & become citizens among the white people. - He says that himself, Chap-a-ho-ma, - & others, counselled with George Haines, how they must act to hold their lands, & that they acted according to the advice of Mr Haines.

The Little Leader, - Chap-a-ho-ma, & two others here gave in a list of names for the Locating Agent, of all of those who then registered, & are yet in the Country (omitting those who have since emigrated) & who now claim their lands under the 14<sup>th</sup> Article of the Treaty.

instances, white settlers have come in, driven them out of their

some cases where these Indians have spoke up for their rights  
these Intruders have beaten, & abused them very much. —  
I have seen Indians with the marks of violence on their  
persons, a good while after they were inflicted. — In some  
cases, the best lands of these people have been taken from them

observation, & from general information that these Indians have  
been very much intruded on, & ill treated by certain white men  
who want their lands. — Some of these Indians have been forced  
off their lands, & cruelly treated by these Intruders. — He says as  
he was on his way to Columbus a few weeks ago. — an old Indian  
woman came to him crying & complaining that a man by the  
name of Nancy had driven her out of her house, & would not even  
let her dig her potatoes, besides much other ill usage. — He further  
states that these poor Indians will in a short time be deprived of  
all their good lands, unless Government shall soon step in, & se-  
cure their rights. — Further this deponent sayeth not.

This 5<sup>th</sup> day of December 1834.

Mayor John Pitchlynn being summoned before me the subscribing Justice of the Peace for Lowndes County, for the purpose of being examined touching the applications made to the late Choctaw Agent to register certain names for Citizenship, & lands, under the 14<sup>th</sup> Article of the Treaty of Dancing Rabbit Creek, after being duly sworn, deposes, & says as follows:  
to wit: as set forth in his answer:

Question - Do you know it to be a fact, that Choctaws have often made application to the late Agent, Col. Ward, to have their names registered for Citizenship, & lands, under the 14<sup>th</sup> Article of the Treaty - that he duly received, & entered their names, & yet that such names so tendered, & registered, were not afterwards to be found on his Books?

Answer - I have often heard it said, that there are many such instances, but of my own personal knowledge, I only recollect one case. - That case was as follows: - Within the six months after the ratification of the Treaty, at the earnest request of two Indian women, one named, Mi-a-can-tu-na, a widow woman with two children over ten years of age, & the other E-li-ah, a widow with one child over ten, I acted as spokesman to the Agent for them, & gave in their names, the number, & ages of their children, & the places of their residence, which was on a Creek called "Simmed Lane" - He wrote the whole down in my presence in his

Book, but afterwards, it turned out that these names, were not to be found in his returns, & the consequence was... that these women lost their lands, which were very good, & valuable lands, — They were sold at the first land sale.

I now recollect another case of the kind, that came to my knowledge. — I mean the case of Red Pepper, His name had been duly registered, & by some person afterwards erased. He proved this, made application to Congress, & obtained relief.

And further this deponent says he doth not.

Ref: The applications that have, from time to time been presented to this department by persons claiming reservations under the 10th article of the Cherokee treaty, that the case of the sections they claim may be considered, have been submitted to the President who has directed the following instructions to be communicated to you:

When the cases that have been brought to the notice of this department, it has appeared, from the evidence exhibited, that the names of the claimants were registered, and the record has been lost; or that the record was made on separate slips of paper that cannot now be found; or that they applied orally, and were led by the agent to believe that this was a compliance with the treaty; or that their applications to be registered was refused without sufficient reason.

It has also been evidence exhibited to show that the agent certified that persons caused their names to be registered, whose names are not upon the records returned

50

by him. in this state of things, the President  
deems it <sup>to be</sup> his duty to modify the order that  
precluded you from locating sections for  
persons not upon the register, in order that  
the parties may have an opportunity to obtain  
the action of Congress upon their claims.

You will therefore give public notice,  
that persons who consider themselves entitl-  
ed to reservations under the 14<sup>th</sup> article, and  
whose names are not upon the register of Col-  
onel Ward, will exhibit to you the evidence in  
support of their claims. This evidence must  
show that they were citizens of the Cherokees nation,  
heads of families, and did signify their intention  
to become citizens within the time prescribed  
by the treaty. It must also show the time  
of their application to be registered, and the  
conversation and circumstances relating to it.

If they bring themselves within the requisition  
of the 14<sup>th</sup> article, and the evidence induces you  
to believe that the omission of their names on the  
register was caused by the mistake or neglect of  
the agent, you will make locations for them in  
the manner pointed out in the instructions  
heretofore given to you. These locations it must  
be understood are contingent, and will be com-  
pleted only in the event of their being confirmed  
by Congress.

2  
If the whole or a part of a reservation that may be claimed, has been sold, you will designate upon the plat tracts of equal dimensions, and of as nearly equal value as practicable.

The register and receiver of the proper land offices will be instructed to reserve from sale the reservations you may locate under this order, until the views of Congress are ascertained.

The President specially directs that you transmit, in season for the action of Congress, at its next session, detailed reports showing the names, standing and credibility of the witnesses, and all the facts and circumstances in each case, with copies of the papers presented to you, and your communications to the land office upon this subject.

The execution of these instructions will require your prompt and vigilant attention, that justice may be done to the Indians and the government.

Acting Secretary of War.

(Memorandum) 1537.

George T. Martin Esq.

Columbus Alabama

1) Sir: I have received your letter of December 3 and entirely approve of your general views concerning the execution of your duty in the location of the Choctaw reservations. I am aware that you must have many difficulties to encounter, but I am satisfied that you will meet them in a proper manner and with a determination to comply with the laws and your instructions.

We have applied to the General Land Office to procure copies of the plats for you. The enclosed memorandum furnishes the answer.

As it appears to be out of the power of that office to render you the necessary assistance, I have directed some of the topographical officers to prepare and forward to you copies of each plat as are in the General Land Office. As the others arrive they shall be copied and forwarded to you. I understand it is almost impracticable for the surveyor general to have copies prepared for you, in consequence of the pressure upon his office. Under these circumstances I must refer you to the plats of the respective land

1.1.18

copies till copies can be sent by this depart-  
ment. In the mean time should you find  
it indispensably necessary, you are authorized  
to have such a general sketch prepared so you  
may find essential in the performance of  
your duty, if it can be effected in a small  
expenditure.

Very respectfully, &c.

December 29, 1834.

The Hon Genl Cass,

Secretary of War.

Sir,

In pursuance of my instructions from the War Department, of date the 3<sup>d</sup> of October last, which came to hand on the 12<sup>th</sup> day of November, I herewith transmit a list of claimants under the 7<sup>th</sup> article of the treaty at Dancing Rabbit creek, for the purpose that said claims and accompanying testimony may be laid before Congress.

A register of the locations will be forwarded to the War Department as soon as the lands are designated on the plats of survey, and a complete list can be procured and regularly made out: all of said claims have been conditionally received for the final action of Congress.

I have the honor to be,

(Very respectfully)

Your obedient servant,

George H. Martin.

Copy Department of the Interior

Washington February 24<sup>th</sup> 1834.

Sir.

I have attentively perused the joint letter addressed to you on the 6<sup>th</sup> instant by the Honbles. W. P. Harris of Miss<sup>is</sup> and W. M. Churchwell of Tenn. and that from the Hon. H. G. Brown of Miss<sup>is</sup> dated the 13<sup>th</sup> inst. in reference to certain Choctaw reservation claims under the Treaty of Dancing Rabbit Creek and beg leave to submit the following report.

By the act of 30<sup>th</sup> of August 1832 (acts of 32<sup>d</sup> Congress, 1st. sess. ch. 103. p 42) the Secretary of the Interior was "authorized to examine the reservation claims of the Choctaws, known as the 13<sup>th</sup> Indians, and of those Choctaws in whose cases the scrip awarded by the late Board of Commissioners has not been issued" and when he shall find that such Indians are "entitled to land under the fourteenth article of the Treaty of Eighteen hundred and thirty, and under the several acts heretofore passed in relation to such claims -

To the President.

Claims &c to extend to such claimants the provisions  
 "applicable to such claims, in the acts of twenty third  
 "August, eighteen hundred and forty two, and of third  
 "March eighteen hundred and forty five" — And by  
 the act of 3<sup>d</sup> of March 1853 (acts of 32<sup>d</sup> Congress, 2<sup>d</sup>  
 Sess., ch 104, p 227, it is further provided "that  
 "the authority of the Secretary of the Interior to examine the  
 "claims of Cherokees to reservations of lands under the  
 "treaty of eighteen hundred and thirty, shall extend to  
 "all cases recommended by either of the Boards of  
 "Commissioners appointed to examine said claims,  
 "and his awards of scrip shall be received by  
 "them in full satisfaction of all their claims against  
 "the Government arising under said treaty, and  
 "the scrip thus awarded shall be received as other  
 "wards in payment for any public lands sub-  
 "ject to sale at private entry."

The 14<sup>th</sup> article of the treaty of 27<sup>th</sup> of  
 September 1836, to which these acts refer, is in these  
 words, and will be found at p. 333, vol. 7. Statutes  
 at Large) "Each Cherokee head of a family, being  
 desiring

desires to remain and become a citizen of the State  
shall be permitted to do so, by signifying his intention  
to the Agent within six months from the ratification of  
this Treaty, and he or she shall thereupon be entitled  
to a reservation of one section of Six hundred and  
forty acres of land, to be bounded by Sectional lines  
of Survey; in like manner shall be entitled to one  
half that quantity for each unmarried child which  
is living with him, over ten years of age; and a quan-  
ty such as to such child as may be under ten years  
of age, to adjoin the location of the parent.  
If they reside upon said lands, intending to become  
Citizens of the State for five years after the ratifica-  
tion of this Treaty, in that case a grant in fee  
simple shall issue; said reservation shall include  
the present improvement of the head of the family  
or a portion of it. Persons who claim under this  
Article shall not lose the privilege of a Choctaw  
citizen, but if they ever remove are not to be entitled  
to any portion of the Choctaw annuity."

The subject of these claims was brought

to my notice by letter from Henry L. Martin Esq. representing himself as the Attorney for the Claimants, dated the 15<sup>th</sup> of June last, accompanied by a lengthy argument, and a copy of a Communication which he had addressed to the Commissioner of Indian Affairs, on the 28<sup>th</sup> of April last.

The matter was referred to the Commissioner of Indian Affairs, with directions to make the necessary examinations, to report the result for the action of the Secretary of the Interior required by law.

On the 15<sup>th</sup> of August 1845 the Commissioner submitted his report accompanied by an argument addressed by Mr. Martin on the 11<sup>th</sup> of August 1845, to the Secretary of War (Gen. Marcy), before whom the case was then pending, and certain other papers showing the previous action had by Mr. Secretary Wilkes and President Tyler's decision of the 3<sup>d</sup> of March 1843, and the action taken by Mr. Secretary Marcy under the Authority conferred upon him by the joint resolution of 3<sup>d</sup> August 1840.

The acts of 31 August 1832 and 3<sup>d</sup> of March 1833. required that the Secretary of the Interior should be satisfied that the Indian Claimants were "Clearly Entitled". I duly Examined the subject, and attentively considered the several arguments, filed at various times, by the Attorney of the Claimants, and came to the conclusion, that I could not, under the enactments before mentioned, change the rule prescribed by Attorney General Cass, and adopted by Mr. Secretary Cass, and on the 26<sup>th</sup> of August last, directed the Commissioner of Indian Affairs, to report to me, the several cases, which came within it, with the accompanying papers, and a brief of the evidence, for my final adjudication. As yet, this has not been done.

Subsequent to my decision of the 26<sup>th</sup> of August last (a copy of which is herewith submitted) I revived my action in the matter, at the instance of the Hon. W. M. Churchwell, (in whose behalf the Hon. J. C. P. Nicholson filed the written argument)

at, which will be found among the papers, but without being able to arrive at a different conclusion.

The letters of Messrs. Brown, Harris and Churchwell, request that you will "as the best means of operating persuasively, if not otherwise upon the mind of the Secretary of the Petition cause the subject to be investigated by the Attorney General, and that his opinion x x x shall be the rule of adoption in the ultimate adjudication of the claims" and they state the particular questions, in which, they desire the opinion of the Attorney General.

I respectfully submit all the papers in the case, to the end that you may, if in view of the language of the Acts of 1832 and 1833, before referred to, and the action had by the Department, pursuant thereto, you should consider the case, as one calling for the interposition of the Executive, give such directions in the premises, as to you may seem proper and necessary.

I have the honor to be

Very much, &c. &c.

say they will never go. — They are now in hopes of getting their lands from Government, as all that have not moved away are trying to get their lands. —

Question. — Have the whites intruded on the improvements of these Indians? —

Answer. — Yes they have. — & in many cases have taken their good lands from them, & pushed the Indians on the poor land. I understand that a great deal of the best land of the Indians that was not sold at the first land sales, has been now taken by pre-emption rights. —

In answer to questions he further states that Mr Ward was very often disqualified for business in consequence of drinking, & that he believes he was intoxicated at the time he threw the sticks away. —

He also states that Middleton. Miller the Interpreter has been dead these two years.

Question. — What became of the sticks, that there were thus thrown away by the agent? —

Answer. — They were picked up by an Indian by the name of Hol. lo. tubbee, who said that he would keep them to show hereafter.

Ques. — Where is Hol. lo. tubbee? —

Ans. — He afterwards moved West of the Mississippi, & I hear that he is now dead.

And further this deponent saith not.

Adam James being called upon to state what he knows respecting the application of certain Choctaw Indians to Mr. Ward, the late Agent, to register their names for Citizenship & land under the 14<sup>th</sup> Article of the Treaty of Dancing Rabbit Creek. deposited, & payed, as set forth in his answers to the following interrogations — to wit: —

1<sup>st</sup> Question. — Were you present at the meeting of Indians held at the Council-House near the Agency in the Spring of 1831. — which was called for the purpose of distributing the annuity, & of receiving names of such as wished to register for Citizenship, & to hold their lands? —

Answer. — Yes. I was present at the Council, or meeting.

Question. — Did you see any Indians offer to register their names and refused by the Agent, & their sticks thrown away? —

Answer. — Yes. I did. — I was standing, among others, close by where the Agent was at his table, & saw a number of Indians from the settlements, on the head waters of Pearl, Leaf, & Suck. — enatchee Rivers, with the Red-Post Oak, & some other Leaders.

at their head, come up to register — They handed in a bundle of sticks, & said they wished to register the families, that these sticks stood for, & that they would give in the names & numbers, & the ages of the Children: — they said they would.

not move off, but wanted to stay here, & live on their lands. When the Interpreter, old McFee, told this to the Agent, he took the sticks, & flung them away & said there were too many of these Indians, & that they must move away.

Question.— What became of the Indians after this refusal on the part of the Agent to take their names? —

Answer.— They retired very much hurt, & dissatisfied. & said it was not what was promised them in the Treaty, & by Major Eaton in his last talk at Dancing Rabbit Creek. Old McFee the Interpreter also said it was a violation of the Treaty, & he did not like it, for the ~~Agent~~ had made him in the morning tell the Indians that all had a right to register, & stay here, & hold their lands. if they did not choose to move, & now to turn them off in this way looked very bad, & the Indians might say he did not interpret right.

Question.— What became of the Indians? —

Ans.— They said they would go home, & stay on their lands, for they belonged to them. — Some said the Agent was drunk, & they did not believe the Government would take their lands from them. — Others said they would die rather than go to Arkansas. —

Since then however a good many ~~of them~~ ~~from the Agency~~ ~~at present~~ have been persuaded to go away. but others still stick to their houses &

being called upon to state on oath what I know  
respecting an application made by certain Choctaw  
Indians living on the head waters of Pearl, Leaf,  
& Suckematchie Rivers to William Ward late  
Choctaw Agent to enter their names & families as  
citizens and take lands under the Treaty of  
Dancing Rabbit Creek do declare & say as follows  
to wit - That I was present at the assembling  
of Indians I think in the month of June 1831 called  
together at the Council House near the Agency as  
I understood for the purpose of giving all such  
Indians as did not wish to emigrate a chance of  
registering their names as provided for in the Treaty  
I distinctly recollect that a certain Indian I  
think it was Captain Post oak came forward  
with a bundle of sticks in hand acting as spokes-  
-man for the Indians living down on the head  
waters of Pearl, Leaf & Suckematchie Rivers &  
handed them in as showing the families that wished  
to register in that District the sticks were handed  
to the Agent and his words explained by the  
Interpreter. The Agent took the sticks, threw them  
them away, saying that there were too many  
of them & that the Indians ought or must move  
away when this was explained to the Indians  
by the Interpreter they were much hurt at  
it & showed very great dissatisfaction & it  
was not what they had been promised at  
Dancing Rabbit Creek & in the Treaty -  
They said they would go home & live five  
years on their lands as they had confidence  
that the Government would not turn them off  
when they were promised at Dancing Rabbit Creek

by the Commissioners, & it was put down in the Treaty that they might stay & have their lands and not be forced to move over the Mississippi - many of them said they would die first - before they would move. This transaction gave rise to a good deal of excitement among many of the persons present & it was looked on as a violation of the Treaty - The Indians on whose behalf this tender of registration was made live on the head branches of Pearl Leaf & Luckenotches Rivers, a good deal cut off from other parts of the Nation, & did not seem to have any of the better informed and more active leaders to stand up for them -

Question - How did you come in possession of this book or list of names now delivered to the justice to be attached to your deposition.

Answer - When Capt. William Ward later Chactaw Agent was about to break up & remove from the Agency he had a number of his goods & effects at that residence he put up a lot of books, & papers, some sort of lumber or other which I hid for which was knocked down to me in this lot of things I found this book.

Question - Do you recognize this to be one of Col. Ward's books in which he registered the names of Indians under the Treaty of Haneey Ratib Crut

Answer - Yes it is very evident that this is one of the agent's books in which he entered the names of the Indians this seems to be a book used principally for entering the names of Orphans the names are not in Col. Ward's hand they are in the hand of his Brother Stephen Ward an assistant but the closing part like

 of the testimony of said Moon tubbs signed by James

also at the time stated in said Certificate. That subsequent  
to the time this Registry was reported to have been made  
and within six months after the ratification of said Treaty  
the deponent visited the office of the Resident Agent  
Col. Ward for the purpose of registering his own  
name for the five years stay. That in looking over  
a part of the Register of Choctaw Claimants in said  
Office at that time he saw the names of the said  
Charles Frazier, Kelly Dyer, Rachel Davis, James Perry,  
Nancy Moore, Moses Perry, Abby Frazier, Woon-tubbi,  
Tishopia, and Ala duly registered with their names of  
their children for the five years stay under the 14<sup>th</sup>  
Article of said Treaty with the names of many others  
persons whom the deponent does not now recollect which  
names the deponent was informed by said Agent  
Col. Ward were registered upon the application of the  
said Janet Nelson. That Enos Woods and James  
Adler who accompanied this deponent and who also  
saw the names seen by this deponent on said  
Register have resided in the Choctaw Country  
West. And the deponent further saith that at  
the time Col. Armstrong the Agent sent to examine  
the Choctaw Improvements visited the Country  
and took an account of the quantity of land this  
deponent had in cultivation, he informed said Agent  
that he had registered his name for the five years  
stay under the 14<sup>th</sup> article of the Treaty, and did not  
wish to be registered as a Claimant by cultivation  
and that he was answered by said Agent, that  
the object in taking an account of his improve-  
ment was not to return his name as a Claimant  
by cultivation, ~~and that he was answered~~ but  
merely to ascertain what portions of the Choctaw  
Country was under cultivation. That when the  
Locating Agent Col. Martin appeared in the Country  
this deponent learned for the first time that his name  
was not returned as registered for the five years  
stay, and being informed that he could locate  
one eighth for cultivation, and supposing it

was all he could  
want solely before

named in the annexed schedule were induced to  
have the said James one section, the said Rachael half  
section, and the said Wootubbi, Nancy Moore and  
Tishopia one eighth of a section each, received from  
the same cause. And the deponent further saith that  
he has been informed and truly believing, that all the  
persons whose names are contained in the annexed  
schedule of Claimants, except himself, were present  
at the Council of Indians at John Piny's, gave in  
their names to be registered for the five years stay

registered within the time prescribed in said Article  
by the Resident Agent Col. Ward, were all entitled  
to hold land under said Article as citizens and heads of  
separate families, have uniformly persisted in the same  
course, and have all as yet been prevented from locating  
any land except the said James Piny Rachael Davis,  
Wootubbi, Nancy Moore, and Tishopia who were  
induced to receive the abovesmentioned quantities,  
under the false impression that they could not hope

State of Mississippi  
Waltham County

Who day personally appeared before me Thomas  
 G. Huggard an acting Justice of the Peace  
 in and for said County James Crebony who  
 being duly sworn deposeth and saith that for the last fifteen  
 years he has constantly resided in the Choctaw Country  
 in said state. That for the last five years he has been  
 acquainted with all the persons named as claimants  
 in the annexed schedule of claimants many of whom  
 he has known for the last ten years. That at the  
 time he became acquainted with them they were and  
 have ever since continued to be citizens of the Choctaw  
 Country in the said State. That at the time of the  
 execution of the Late Choctaw Treaty on the 27<sup>th</sup>  
 September 1830 they were all heads of separate  
 families in said Choctaw Country. That he has  
 recently seen all of them except two and conversed  
 with them in relation to the Registry of their  
 names and the names of their children with intention  
 of becoming citizens of said State under the 14<sup>th</sup>  
 Article of said Treaty examining such of them as  
 cannot speak english, in the Choctaw language,  
 and that they all concurred in giving the following  
 account of their proceedings in this matter.

That previous to the 1<sup>st</sup> June 1831 a Council was  
 held at the House of John Perry in said Choctaw  
 Nation for the purpose of making up a list or  
 Registry of all such heads of families, containing  
 their names and the names of their children and  
 their ages as wished to become citizens of the  
 State, and take their lands under the 14<sup>th</sup> Article  
 of the Treaty by remaining five years upon their  
 farms where they then resided and had im-  
 provements. That at this Council the names of  
 the persons named as claimants in the annexed  
 schedule were all given in and taken down in  
 writing by Saml Nelson except the name of John  
 T. Hammond. That said Nelson was deputed  
 by said claimants and others whose names were  
 given in at the same time to go unto the office  
 of the Resident Agent Col Ward and have them  
 duly registered for the five years stay. That  
 they always understood until application was  
 made to the Resident Agent Col Martin to  
 locate their lands that their names and

and the names of their children were properly registered and had been regularly forwarded to the proper office at Washington. That at the last public sale their lands were all sold except the lands of Charles Hargis, Nancy Hargis, Polly Hargis, and part of Kelly Myers, which have not yet been offered for sale. That they have consequently been compelled to leave their places of former residence but are still remaining in the country with the hope of obtaining lands, becoming citizens of the State and complying in all things with the requisitions contained in the 14. article of the Treaty. And this deponent further saith that he obtained from said Gunt Nelson previous to his leaving this country and removing West a transcript of part of the list of names made by said Nelson, of said Council upon which transcript are found the names of the names contained in the annexed schedule of Claimants, and was at that time informed by said Nelson that he presented to the Resident Agent Col. Ward on the 1<sup>st</sup> day of June 1831 the original and full list of all the names taken down at said Council, and that the names upon the said list were duly registered by said Agent as claimants under the 14. article of said Treaty. And this deponent further saith that he visited the office of said Agent Col. Ward some time after said Nelson had given in said list of names to be registered and within six months after the ratification of said Treaty and in looking over a part of the Register of Christian Claimants in said Agents office saw the names of the greater part of the persons whose names are embraced in the annexed schedule duly registered for the five year stay, and this deponent verily believes that all the names embraced in the annexed schedule together with many other were put on by said Nelson and by him given in to the Resident Agent Col. Ward who received and registered them as applicants for lands under the 14<sup>th</sup> Article of the Treaty and that the account of the affair given by the persons whose names are

cultivation which the deponent truly believes to be  
true and that the same consideration influences  
Rachael Dore to take half a section. And the  
deponent further states that he has long been  
acquainted with Moontulbi. that he is, in testimony  
and highly credible, and having long been an  
Headman among his people and transacts  
business for them the deponent truly believes  
the testimony given by said Moontulbi and  
interpreted by him to be strictly true. And  
further the deponent says that

Moontulbi a Shoshone Indian states that he attended  
a Council of Shoshones held at the house of John P. P.  
residing in the Christian Nation previous to the 1<sup>st</sup> day  
of June 1831 for the purpose of making out a list  
of persons who intended to become citizens of the  
State and take a five years stay under the 14<sup>th</sup>  
Article of the late Shoshone Treaty and that the  
business of the Council were in part entrusted to  
his management and that he proceeded in the  
following manner Vizt: Having marked a  
line and placed the people all on one side he  
told them that all such heads of families as  
wished to become citizens should cross the line  
and place themselves on the other side. That  
immediately all the persons in the annexed schedule  
named (except J. P. Hammond who was not present at the  
Council) with many others crossed the line, and expressed  
their determination to become citizens. That their names  
and the names of their children were then taken down  
in writing, and the list of them handed to Janet

Ganet Nelson who was deputed to go on to the agency and  
 have them Registered for the five years say, that  
 he always supposed they would they would hold the  
 land they were registered for until informed that their  
 names were not on the books at Washington. That  
 the lands of all of them were sold except that of Charles  
 Hargis, and part of that of Kelly Dyer whose lands have  
 not yet been offered for sale, but whose names have been  
 lost with the rest as he is informed, and except also a  
 section for James Perry, half a section for Rachel Davis  
 and an eighth of section each for himself, Nancy Moore,  
 and Bishopia which were reserved without their request  
 or wish as they still wish and intend to become citizens  
 and although driven from their former residences  
 to remain in the Country. Taken this 15<sup>th</sup> day of

State of Mississippi  
Selling to the Government

Therewith appeared before me  
under regulation of the State  
and for the County and State of  
James Hendley, who being first duly sworn by me to the  
following interrogatories made the following answers

Question 1<sup>st</sup>. How long have you been acquainted with  
Answer. William Simmons.  
Since about one year before the Treaty of  
Dancing Rabbit creek between the Government  
of the United States and the Cherokee Nation  
of Indians.

Question 2<sup>nd</sup>. When has said Simmons resided since you  
became acquainted with him.  
Answer. He has resided on Timogacha creek  
in the Southern part of the Cherokee Nation  
of Indians, on the same place that he now  
claims under the 14<sup>th</sup> article of the Treaty of  
Dancing Rabbit creek.

Question 3<sup>rd</sup>. State who he married, and at the time of the  
said Treaty whether he was the head of  
Cherokee Indian family, and whether he  
then was and now is a Cherokee citizen.

Answer. He married a Cherokee Indian woman  
named Foster, and was at the time of said  
Treaty the Head of a Cherokee Indian family  
resided in this Nation at the place aforesaid  
and still resides there, and was since about one  
year before the Treaty and has been since and  
now is a Cherokee Citizen.

4<sup>th</sup> Question. If you know any thing in relation to  
said Simmons having registered under the  
14<sup>th</sup> Article of said Treaty please state it.

Answer. Since the said Treaty was made or signed  
I went in company with William Simmons  
to the Agency at Col. William Wood for  
the purpose of registering under the 14<sup>th</sup> Article  
of the Treaty aforesaid. Upon our arrival  
we were both registered on the register  
kept by said Wood for that purpose, with  
in the time prescribed by said Treaty

and I saw said Ward set down the name of said  
 Jernamoy with the number of his children under ten  
 years of age at the time of said Treaty (being two)  
 with his own hand on his Register - afterwards  
 I was at the Agency in September following, and saw  
 Jernamoy name in the same book, and I saw said  
 Ward strike out the names of various persons and  
 among the rest I saw the said Ward strike out  
 the name of the Indian who was not present -  
 and heard him Ward remark when he struck  
 it out "That he reckoned that fellow did not  
 wish to stay either." The names of some were  
 struck off upon the representation of their neighbours  
 who were not present, and indeed the whole business  
 to me seemed to be done in a very loose manner -  
 I have examined the list furnished to Col Martin  
 by the War Department and the name of William  
 Jernamoy is not to be found upon it. I mean the  
 list of Claimants under the 14<sup>th</sup> Article of said  
 Treaty.

to give the benefit of the land which was  
to be about the rest of the tract. On all the more  
greatly regretted but I have to do it. I have been (and  
as it was) no guide. I have seen a copy of the  
"by the way" the time I have of the rest of the tract  
at the time the title was made, or registered or to be, and  
none of them can be a guide. And the case is now  
one of the title is in the hands of the title  
to be done, and it is done. In the absence  
of the title of the title, I was compelled to  
be a guide to see some direction, and in doing  
so I have been able to see the interests of  
the Government as well as to do justice to the Indians.

In all cases where I have ordered records to be made  
to be made the tract in the case of the tract

Washington City May 6. 1854 -

Dear  
Lewis Cass  
S. C. at New

Sir,

I am informed that there is at this time an offer before the Department for the purchase of the lands lying by treaty to the offspring of the Black and Native. Without pretending to be well informed in reference to the value of these lands, & certainly with the strongest desire to be the very best disposition made of them in view of the interest of these offspring, it seems to me that the price offered, which I understand is three dollars per acre, is as much as the lands would bring upon an average, under any manner or manner of sale which could be adopted. Permit me to believe that you concur in the opinion, & would be apt to be so and doubly to all other members of the State of Mississippi interested in its growth, to see these lands placed in the reach of purchase, the settlement of which would add that much to the population & wealth of the State.

I am very Respectfully  
Your Obedt Servt  
Henry Bayne

I have looked over Judge Caze's letter and am  
of opinion with him that three dollars per  
acre is as much as these lands can be  
set for on an average -

W. Black

Having no personal knowledge of the quality of the land  
referred to in the letter of Judge Caze, I can only add what has  
been stated by Judge Black, that three dollars per acre is in  
my opinion a fair average price for any body of land in the  
Choctaw Purchase, except selected spots near the river  
Mississippi; and I am convinced that the lands proposed  
to be purchased would not command at public sale that  
average.

Geo. Poinsett

Washington May 7<sup>th</sup> 1834

I have read the foregoing statements of Messrs. Caze,  
Black & Poinsett, and concur in the opinion, that three  
dollars per acre, would be a fair average price for any  
body of land, unimproved, in Mississippi, or Alabama; but I

speak from general knowledge of the country,  
not from any personal knowledge of the land  
alluded to. I do not believe that any large body of  
land, in either of those states, would sell for an  
average of three dollars per acre at public auction.
